SHOW CAUSE ORDER

Dear Mr. Wang, Mr. Sun, Mr. Feng:

The United States Patent and Trademark Office ("USPTO" or "Office") has reason to believe that Shenzhen Chenhaiyun Tech. Co., Ltd. subsidiaries Shenzhen Seller Growth Network Tech. Co., Ltd., Shenzhen Qianhai Bishengdao Network Tech. Co., Ltd., and Shenzhen Qianhai Be-Victory Network Tech. Co., Ltd.[1] (collectively, "Seller Growth"), and their employees, agents, officers, or affiliates (collectively, "Respondents") are violating the USPTO Rules of Practice in Trademark Cases and the Rules governing Representation of Others before the USPTO. Specifically, Respondents are believed to be engaging in unauthorized practice before the USPTO in trademark matters and

[1] The attached screenshots demonstrate that Shenzhen Seller Growth Network Tech. Co., Ltd., Shenzhen Qianhai Bishengdao Network Tech. Co., Ltd., and Shenzhen Qianhai Be-Victory Network Technology Co., Ltd. are subsidiaries of Shenzhen Chenhaiyun Tech. Co., Ltd. *See* Exhibit A. On their website, the Respondents refer to themselves using the shorthand, 卖家成长 or "Seller Growth" in English. The attached Orders from the Office of Enrollment and Discipline attribute misconduct to the various subsidiaries of Shenzhen Chenhaiyun Tech. Co., Ltd., and based on available evidence, the USPTO attributes all activity of "Seller Growth" to all of these entities.

providing false, fictitious, or fraudulent information in trademark submissions with the intent to circumvent these rules.

Protecting the integrity of the U.S. trademark register is of the utmost concern to the USPTO because the register is intended to reflect trademarks actually used in commerce; its accuracy serves the critical purpose of avoiding needless costs and burdens to applicants, who rely upon its contents when choosing a mark. *See Chutter, Inc. v. Great Mgmt. Grp., LLC*, 2021 USPQ2d 1001, *25 (TTAB 2021). Providing false information in a trademark submission undermines the integrity of the register, and those who provide false, fictitious, or fraudulent information are subject to sanctions. *See also In re Yusha Zhang,* 2021 TTAB LEXIS 465 at *10, *23-24 (Dir. USPTO Dec. 10, 2021).

This order requires Respondents to show cause as to why the USPTO should not immediately sanction Respondents pursuant to 37 C.F.R. § 11.18(c) and the Terms of Use for USPTO Websites.[2]

I. Relevant Legal Requirements

All submissions to the USPTO in trademark matters are governed by the Rules of Practice in Trademark Cases and the Rules governing Representation of Others Before the USPTO (collectively, "USPTO Rules"). *See generally*, 15 U.S.C. §§ 1051 *et seq*.; 37 C.F.R. Parts 2, 11.

Generally, only attorneys admitted to practice before the bar of the highest court of a U.S. state or jurisdiction may practice before the USPTO in trademark matters on behalf of others. 37 C.F.R. §§ 2.1, 2.17(a), 11.1, 11.14(a). Practicing before the Office in trademark matters includes all "law-related service[s] that comprehend[] any matter connected with the presentation to the Office . . . relating to a client's rights, privileges, duties, or responsibilities under the laws or regulations administered by the Office for the . . . registration of a trademark." 37 C.F.R. § 11.5(b). Subject to narrow exceptions, not applicable here, individuals who are not U.S.-licensed attorneys may not (1) give advice to an applicant or registrant in contemplation of filing a U.S. trademark application or application-related document; (2) prepare or prosecute any U.S. trademark application, response, or post-registration maintenance document; (3) sign amendments to applications, responses to Office actions, petitions to the Director, or request to change correspondence information; or (4) authorize any other amendments to an application or registration. 37 C.F.R. §§ 11.5(b), 11.14(b).

An application for registration of a trademark filed with the USPTO must be made by the owner of the mark or a person who has a bona fide intention to use the mark in commerce. *See* 15 U.S.C. §§ 1051, 1126(d)-(e), 1141f(a); 37 C.F.R. §§ 2.33(b), 7.26. Under the Trademark Act, an application also requires a verified statement supporting the

application, signed by the owner or a person properly authorized to sign on behalf of the owner. 15 U.S.C. §§ 1051(a)(3), (b)(3); *see also* 37 C.F.R. §§ 2.33, 2.193(e).

In addition, all documents submitted to the USPTO in a trademark matter must be *personally* signed by the named signatory. 37 C.F.R. § 2.193(a); Trademark Manual of Examining Procedure ("TMEP") § 611.01(b). That is, the signature must be either handwritten in permanent ink by the person named as the signatory or submitted electronically with the named signatory personally entering a combination of letters, numbers, spaces and/or punctuation the signatory has adopted as a signature directly on the electronic submission form. 37 C.F.R. §§ 2.193(a), (c). A person may not delegate the authority to sign trademark-related submissions, and no party may sign the name of another. *See Zhang*, 2021 TTAB LEXIS 465, at *13; *In re Dermahose Inc.*, 82 USPQ2d 1793, 1796 (TTAB 2007); *In re Cowan*, 18 USPQ2d 1407, 1409 (Comm'r Pats. 1990); *see also* TMEP § 611.01(b)-(c).

Any party who presents a trademark submission to the USPTO is certifying that all statements made therein of the party's own knowledge are true and all statements made therein on information and belief are believed to be true. *See* 37 C.F.R. §§ 2.193(f), 11.18(b)(1). The party is also certifying that, "[t]o the best of the party's knowledge, information and belief, formed after an inquiry reasonable under the circumstances, . . . the paper is not being presented for any improper purpose" and "[t]he allegations and other factual contentions have evidentiary support." 37 C.F.R. § 11.18(b).

Signatures in declarations or verifications in support of trademark submissions — such as applications, declarations of use, or registration maintenance documents — are relied upon by the USPTO when examining trademark applications, approving marks for registration, and renewing registrations. When such filings are impermissibly signed and filed with the USPTO, the integrity of the federal trademark registration process is adversely affected.[3] If a declaration or verification is signed by a person other than the named signatory or a person determined to be an unauthorized signatory, it is improperly executed, and the averments cannot be relied upon to support registration. *See, e.g.*, *Ex parte Hipkins,* 20 USPQ2d 1694, 1696-97 (BPAI 1991); *Cowan*, 18 USPQ2d at 1409; 37 C.F.R. § 2.91(c)(9)(v)

[3] *See Norton v. Curtiss,* 433 F.2d 779, 794, 167 USPQ 532, 544 (C.C.P.A. 1970) ("With the seemingly ever-increasing number of applications before it, the [USPTO] . . . must rely on applicants for many of the facts upon which its decisions are based. The highest standards of honesty and candor on the part of applicants in presenting such facts to the office are thus necessary elements in a working patent [and trademark] system. We would go so far as to say they are essential."); *accord Chutter*, 2021 USPQ2d 1001 at *25 (TTAB 2021) ("The agency, as well as applicants and registrants, and all who rely on the accuracy of the Registers of marks and the submissions made to the USPTO in furtherance of obtaining or maintaining registration, must be able to rely on declarations and the truth of their contents."); *Dr. Vinyl & Assoc. v. Repair-It Indus., Inc.*, 220 USPQ 639, 647 (TTAB 1983) ("[T]he highest standards of honesty . . . in presenting facts to the Office are as necessary to trademarks as they have so often been held essential in the proper functioning of the patent system.").

Furthermore, knowingly or negligently submitting a document that includes false signatory information, false applicant information, or false claims of use (or intent to use) of the mark in commerce for goods and services that the applicant is not actually offering (or lacks a bona fide intent to offer), violates 37 C.F.R. § 11.18(b)(1), and doing so without evidentiary support or with intent to circumvent the USPTO's Rules violates 37 C.F.R. § 11.18(b). Such violations of 37 C.F.R. § 11.18(b) may jeopardize the validity of the application or registration, and may result in the imposition of sanctions under § 11.18(c). *See* 37 C.F.R. § 2.193(f); *see also Zhang*, 2021 TTAB LEXIS 465 at *35 (noting that providing false signatures in addition to other misconduct may result in sanctions up to, and including, termination of pending proceedings before the Office).

The USPTO Rules also require that foreign-domiciled applicants, registrants, or parties to proceedings before the Office be represented by a qualified attorney, licensed to practice law in the United States. 37 C.F.R. § 2.11(a). Providing false, fictitious, or fraudulent information in a submission to the Office to circumvent the representation requirement for a foreign-domiciled individual or entity is, *per se*, a document submitted for an improper purpose under 37 C.F.R. § 11.18(b)(2). *See* 37 C.F.R. § 2.11(e).

In addition, any party who uses the USPTO.gov log in system and the Trademark Electronic Application System ("TEAS") to file a document is bound by the Terms of Use for USPTO websites. *See* https://www.uspto.gov/terms-use-uspto-websites. An individual is responsible for all activities that occur under his/her registered USPTO.gov account, with such account being limited to use by the individual to whom the account is registered. Use of a USPTO.gov account to submit, access, or alter information in excess of one's authority not only breaches the Terms of Use, and could violate other rules such as 37 C.F.R. §§ 2.193 and 11.18(b).

II. Respondents willfully violated USPTO rules by engaging in the unauthorized practice of law before the Office and further violated USPTO rules by providing false, fictitious, and/or fraudulent information in contravention of the USPTO.gov terms of use.

A. Respondents engaged in widespread unauthorized practice of law before the USPTO

Respondents repeatedly and knowingly violated USPTO Rules by practicing before the Office in trademark matters despite being unqualified to do so. *See* 37 C.F.R. §§, 11.1, 11.14. Respondents also willfully concealed their involvement in trademark proceedings, providing false, fraudulent, and fictitious information and signatures, for the purpose of circumventing the USPTO Rules that prohibited them from prosecuting trademark related submissions on behalf of others.

Respondent Shenzhen Seller Growth Network Technology Co., Ltd. and its affiliates are a China-based organization that holds itself out as offering international tax and intellectual property services to overseas companies, including trademark registration services in the United States. *See* excerpts from Respondents' website and social media

pages, attached hereto as Exhibit C. Although Respondents' website and social media pages do not identify any U.S.-licensed attorneys as employees of its organization, Respondents solicit customers to use its services to file trademark applications in the United States. For instance, Respondents' website contains statements indicating that Respondents' Trademark Application Fee Package includes submitting applications within 24 hours and that Respondents' "senior consultants" (never identified as U.S.-licensed attorneys) provide professional services throughout the process.

Moreover, Respondents knew their prosecution of trademark applications on behalf of third parties constituted misconduct under USPTO Rules. Respondents' own website at explains on multiple pages that trademark applicants with a foreign domicile must have their applications prosecuted by a U.S.-licensed attorney.[4]

Respondents also acknowledged their need for U.S.-licensed counsel in a solicitation email sent to U.S.-licensed attorneys, where Respondents represented that "We have our own US trademarks application team. Lately, the US Trademark Office came out with new application requirements, and we need the help of US lawyers; we do not need you to handle any applications for us, what we need is to use a US attorney's information as our US agent information in applying for US trademarks; nor do we need you to handle responses to documents from the examining and verifying attorneys, all you have to do is forward the documents to us, and the price is negotiable."[5] *See* Exhibit D.

The attached exhibits, including statements provided by a U.S.-licensed attorney, Ms. Elizabeth Yang, attached hereto as Exhibit E, further show that Respondents counseled and gave advice to applicants in contemplation of filing trademark applications and other documents before the USPTO, prepared and prosecuted trademark applications for registration, prepared and submitted arguments and amendments in trademark matters, and communicated with USPTO employees on behalf of clients. When completed by a non-attorney on behalf of a third party, each of these actions constitutes the unauthorized practice of law in violation of USPTO Rules.

Respondents' website further boasts of a "Success Case" extolling on their abilities to obtain trademark registrations in the United States. Although Respondents obscured much of the registration certificate depicted on their website, the registration number is still clearly visible in at least one image as U.S. Registration No. 6101129, registered on

[4] *See* Exhibit C, showing Respondents' website acknowledging that foreign-domiciled applicants are required to have an attorney who is licensed to practice law in the United States to act on their behalf. On the same page, Respondents note that it is becoming more difficult to apply for U.S. trademarks and encourages applicants to "act as soon as possible." On a separate page, Respondents also note that when foreign businesses would like to apply for U.S. trademarks, the applicants must entrust a U.S.-licensed lawyer to handle the process, yet still offer its services to register marks in the United States.

[5] Excerpts from Respondents' email solicitation sent to U.S.-licensed attorneys to request bar credential information to circumvent the requirement to have a U.S.-licensed attorney prosecute trademark applications "我们有自己的美国商标申请团队，最近美国商标局出了新的申请要求，我们想寻求美国律师帮助，不需要你们代我们处理商标申请，我们的需求是使用美国律师的信息作为我们申请美国商标的美国代理信息，也不需要你们处理答复审核员文件，只要做文件转发就行，价格可谈"

July 14, 2020.[6] While the registration reflects that Ms. Yang was the attorney of record, and the initial application contains her alleged electronic signature, Ms. Yang has represented that she knows or has reason to believe this application along with several others include submissions signed by a third party using her name in the signature field.[7]

This evidence indicates that Respondents are not qualified practitioners under 37 C.F.R. §§ 11.1 and 11.14, yet still engaged in the unauthorized practice of law through the use of names and bar credentials of U.S.-licensed attorneys, intentionally provided for the purpose of concealing Respondents' involvement and circumventing USPTO rules.

B. Respondents improperly entered the signatures of others and provided false, fictitious, and/or fraudulent information in trademark submissions to the USPTO to willfully conceal their unauthorized practice of law.

Respondents' efforts to mask their participation in the unauthorized practice of law include improperly entering the electronic signatures of at least three U.S.-licensed attorneys and providing false, fictitious, and/or fraudulent attorney information in trademark filings in violation of USPTO Rules.

At least three disciplinary orders issued by the USPTO's Office of Enrollment and Discipline ("OED") detail Respondents' practices of improperly entering the names and signatures of U.S.-licensed attorneys Ms. Di Li, Ms. Elizabeth Yang, and Ms. Kathy Hao, and using their bar credentials to directly prosecute applications before the USPTO. *See In the Matter of Kathy Q. Hao*, Proceeding D2021-14 (Apr. 27, 2022), available at **https://foiadocuments.uspto.gov/oed/Final-Order-(Hao)-(D2021-14).pdf** ("Hao OED Order") attached hereto as Exhibit G; *In the Matter of Elizabeth Yang*, Proceeding D2021-11 (Dec. 17, 2021), available at **https://foiadocuments.uspto.gov/oed/Final-Order-(Yang)-(D2021-11).pdf** ("Yang OED Order") attached hereto as Exhibit H; *In the Matter of Di Li*, Proceeding D2021-16 (USPTO Oct. 7, 2021), available at **https://foiadocuments.uspto.gov/oed/Li-Final-Order-(D2021-16).pdf** ("Li OED Order") attached hereto as Exhibit I (collectively, "OED Orders").

As outlined in the OED Orders, each of these attorneys entered into arrangements with Respondents "that allowed [Respondents] to use [their] names to file applications and receive trademark [registration] certificates from the USPTO" on behalf of foreign-domiciled applicants.[8] *See generally* Exhibits G-I. All three OED Orders describe a similar

[6] *See* Exhibit F, showing a screenshot of the registration certificate on Respondents' own website along with a closeup view of the registration certificate. A copy of the actual registration certificate as well as accompanying application record have also been included in this exhibit.

[7] *See* Exhibit E showing the serial number associated with this registration (U.S. Application Serial No. 88739086) is identified in the list of applications that Ms. Yang indicates that she knows or has reason to believe were signed by a third party using her name in the signature field.

[8] Although foreign-domiciled applicants may designate a domestic representative pursuant to 37 C.F.R. § 2.24, the mere designation of a domestic representative does not authorize that person to represent the applicant or registrant before the USPTO, nor does it obviate the requirement for foreign-domiciled applicants to be represented by qualified U.S.-licensed attorneys. *See also* Changes to the Trademark

and deliberate pattern of conduct designed to circumvent USPTO Rules, with each order confirming that Respondents' directly entered the electronic signatures of U.S.-licensed attorneys and directly submitted documents to the USPTO.

In Ms. Li's settlement agreement with OED, she acknowledges that, at various intervals between August 2019 and February 2021, Respondents submitted applications that listed her as the attorney of record which included "suspicious specimen filings" or "poorer quality" specimen submissions. *See* Exhibit I, Li OED Order, at 5. The Respondents also "filed a lot more applications than [their] agreements contemplated," and to her knowledge improperly entered signatures in approximately 1,086 trademark applications filed between October 2019 and November 2020. *Id.* Ms. Li acknowledges that during the course of her relationship with the Respondents, "her name and improper signature appeared on over 1,100 suspect trademark applications associated with [Respondents] and its customers" and that the Respondents "impermissibly enter[ed] her name on the documents filed with the USPTO." *Id*. at 12.

Ms. Hao similarly acknowledges that Respondents "prepare[d], signe[d], and file[d] with the USPTO, on behalf of [Respondents'] at least 250 trademark applications ostensibly bearing her signature between October 2019 and December 2019." *See* Exhibit G, Hao OED Order, at 5. Although Ms. Hao alleges that she reviewed some aspects of these applications, she also indicates that Respondents entered her name and signature in these applications and then directly submitted documents to the USPTO. *Id*.

As Ms. Yang confirms, she "did not advise or discuss with the applicants, directly or through [Respondents], important legal issues regarding the trademark applications, such as what constitutes a proper specimen and the difference between Section 1(a) and Section 1(b) trademark applications. Nor did [she] provide the applicants, directly or through [Respondents], with any other substantive legal advice about their trademark applications." *See* Exhibit H, Yang OED Order, at 5-6. Furthermore, she "did not review the trademark applications prior to their filing by [Respondents] with the USPTO" and she "did not regularly monitor the status of or review the trademark applications filed using her name through [Respondents]." *Id.* at 6. While the signature information itself in the applications were apparently false, Ms. Yang's statements also suggest that declaration averments supported by these false signatures were also unsubstantiated, unreliable and likely false. *Id*. at 11-12.

Ms. Yang also indicates that she created a joint email address on her firm's domain, elisa@yanglawoffices.com, to facilitate her arrangement with Respondents. *See* Exhibits E and H. Respondents used this email address along with Ms. Yang's name and bar credentials, which they entered as the attorney information in various TEAS filings, and improperly entered her signature on TEAS forms to conceal their participation in prosecuting trademark applications before the USPTO.

Rules of Practice to Mandate Electronic Filing Final Rule and Correction (MEF rule), 84 Fed. Reg. 37,081, 68,045, 69,330 (effective February 15, 2020) (codified at 37 C.F.R. pts. 2 & 7).

Moreover, several application records show that Respondents received and directly replied to messages from USPTO trademark examining attorneys, posing as Ms. Yang and Ms. Li to improperly authorize Examiner's Amendments.[9] Specifically, examining attorneys sent messages to the correspondence email addresses of record, which were controlled by Seller Growth, elisa@yanglawoffices.com and dililawipsg@gmail.com, to obtain authorization for Examiner's Amendments from the purported attorneys of record, Ms. Yang or Ms. Li. However, as shown in Exhibit J, Respondents impersonated Ms. Yang and Ms. Li, engaged in the unauthorized practice of law by authorizing amendments to applications and by signing correspondence with their names. The examining attorneys subsequently relied on these false communications and entered amendments in the record based on Respondents' false statements and representations.

Based on the foregoing information, the USPTO has reason to find that all initial application forms and trademark documents filed through accounts controlled by Respondents were filed in violation of the USPTO Rules. The USPTO concludes that each submission likely was improperly signed and appears to have been prepared without any identifiable authorized person making a reasonable inquiry into the factual contentions contained therein. The USPTO further concludes that each submission contains false, fictitious, and/or fraudulent information in the form of false attorney information, improperly-entered signatures, and/or unsubstantiated averments provided with the intent to mislead the USPTO into registering the applied-for marks. This scheme further appears to have been conducted knowingly and as part of a coordinated effort to circumvent USPTO Rules requiring representation by qualified U.S.-licensed attorneys.

C. Respondents violated the Terms of Use for USPTO websites when they engaged in the unauthorized use of USPTO systems to prosecute trademark applications by using false, fictitious, or fraudulent information.

Respondents misused USPTO.gov accounts and systems to further their unauthorized practice of law and repeatedly used these accounts to provide the Office with false, fictitious, or fraudulent information to conceal their misconduct. Specifically, as a method for advancing their scheme and based on the totality of the evidence, the USPTO concludes that Respondents shared access across multiple USPTO.gov accounts which they then used to improperly enter the electronic signatures of Ms. Hao, Ms. Li, and Ms. Yang in thousands of submissions.

Use of a USPTO.gov account to submit, access, or alter information in excess of one's authority not only breaches the Terms of Use, but also 37 C.F.R. §§ 2.193 and 11.18(b). USPTO.gov accounts are limited to use by the individual to whom the account is registered, and misuse of a USPTO.gov account to submit, access, or alter information in the USPTO database in excess of one's authority breaches the Terms of Use.

[9] *See* Exhibit J, showing a non-exhaustive collection of email correspondence between Respondents and the Office wherein the Respondents misrepresented their identities and authority to represent applicants before the USPTO in trademark matters by impersonating Ms. Yang or Ms. Li.

Respondents repeatedly violated the Terms of Use when they accessed USPTO systems with the intent to provide false, fictitious, or fraudulent information in submissions in circumvention of USPTO Rules. Review of USPTO electronic records shows that Respondents accessed and modified data on USPTO systems on several occasions to represent applicants before the USPTO despite their lack of authority to do so. Specifically, USPTO.gov accounts controlled by Respondents are responsible for filing documents in over 10,100 applications or registrations, where Respondents repeatedly misrepresented their own identities by using the names of U.S.-licensed attorneys in the signatory sections of the TEAS forms. As discussed above, these named attorneys were not involved in the preparation of the documents nor personally signed the submissions. For example, USPTO.gov accounts registered to

- huangyanxin@sellergrowth.cn
- weiwenting@sellergrowth.com
- hexiaoying@sellergrowth.com
- zhangrui2@sellergrowth.cn
- emma8776@163.com, and
- a994329806@163.com

were all found to have filings listing Ms. Yang as the signatory and attorney of record, affixed with her supposed signature despite her lack of review of these filings. *See* Exhibits E and H.

Furthermore, USPTO.gov accounts controlled by Respondents were also responsible for TEAS submissions filed at a frequency that would make it improbable and likely impossible for a single person to have completed the forms. On October 27, 2020, alone, Respondents' accounts were responsible for filing 236 separate applications, most submitted within minutes of each other, with several submitted mere seconds apart. *See* Exhibit K. Other submissions were made at the same time through two different USPTO.gov accounts controlled by Respondents, yet all of these records were allegedly signed using the same U.S.-licensed attorney's signature, Ms. Yang. These USPTO.gov accounts controlled by the Respondents were also responsible for filing 401 separate TEAS submissions on November 18, 2020, again allegedly signed by one individual. *Id*. Based on the volume of submissions and speed at which they were submitted from three of Respondents' USPTO.gov accounts, the only reasonable conclusion is that Respondents are sharing access to these USPTO.gov accounts across multiple users in violation of the Terms of Use for USPTO Websites and, as noted above, with intent to circumvent USPTO Rules.

The Respondents' misuse of USPTO.gov accounts to proffer submissions with falsified signatures demonstrates a concerted effort to deceive the Office. Respondents' actions not only advance their unauthorized practice of law before the USPTO, but also undermine the integrity of the trademark register.

D. Respondents' pattern of conduct indicates fraud.

Although conduct need not rise to the level of fraud to warrant sanctions, under the circumstances presented above, Respondents' conduct appears to do so. Respondents engaged in a continuing pattern of making false material representations of fact in connection with application proceedings with intent to deceive the USPTO. *See In re Bose Corp.*, 580 F.3d 1240, 1243, 91 USPQ2d 1938, 1939 (Fed. Cir. 2009). Here, Respondents mispresented the identities of signatories, provided false attorney information and false signatures, in connection with applications to register marks or maintain registrations, which the USPTO relied upon in determining entitlement to registration. *See Zhang*, 2021 TTAB LEXIS 465, at *30-31 (provision of false attorney information or improperly entered attorney signatures cited as examples of false material representations). Moreover, Respondents improperly used the names, credentials, and electronic signatures of at least three different U.S.-licensed attorneys, misused USPTO.gov accounts, and created email addresses to give the impression that correspondence addresses they used were associated with the purported attorney of record. Such actions evidence a coordinated and intentional effort to conceal their involvement in trademark proceedings and circumvent USPTO Rules, which supports a finding that such false material representations of fact were made knowingly, willfully, or at the very least with reckless disregard. *Id.* (citing *Chutter*, 2021 USPQ2d 1001 at *13 (*Bose*'s intent element satisfied by willful or reckless behavior)).

III. Show Cause Requirement

The Director has authority to sanction those filing trademark submissions in violation of the USPTO Rules and has delegated to the Commissioner for Trademarks the authority to impose such sanctions and to otherwise exercise the Director's authority in trademark matters. 35 U.S.C. § 3(a)-(b); 37 C.F.R. § 11.18(c); *see also Zhang*, 2021 TTAB LEXIS 465, at *10, *23-24. The authority to issue administrative sanctions orders has been further delegated to the Deputy Commissioner for Trademark Examination Policy.

Because the information discussed in this document supports a finding that Respondents' actions violate USPTO Rules, **Respondents are hereby ordered to respond to show cause why the USPTO should not:**

(1) Permanently preclude Respondents from submitting trademark-related documents on behalf of Respondents or others;

(2) Strike or otherwise give no weight to all trademark-related documents submitted by Respondents;

(3) Remove correspondence information associated with Respondents from the USPTO's database in all applications and/or registrations;

(4) Direct the USPTO's Office of the Chief Information Officer to permanently deactivate any USPTO accounts in which contact information related to

Respondents appears, and to take all reasonable efforts to prevent Respondents from creating or activating further accounts;

(5) Block future financial transactions from credit cards used to pay filing fees associated with the improper submissions and/or associated with Respondents;

(6) Terminate all ongoing proceedings containing submissions filed by Respondents;

(7) Continue to strike documents, remove information, deactivate accounts, block financial transactions, and terminate proceedings involving Respondents or containing submissions later found to have been filed by Respondents; and/or

(8) Consider giving no weight to post-registration maintenance submissions.

Respondents are required to provide a written response to this Show Cause Order. The USPTO will consider Respondents' response in determining whether and what sanctions are appropriate.

The response is due by 5:00pm (Eastern Time) on September 21, 2022 and must be sent via email to TMPolicy@uspto.gov.

The response must include documentary evidence and detailed explanations that would rebut the USPTO's preliminary determination that sanctions are warranted. In preparing the response, Respondents should explain any other relationships or arrangements with other U.S.-licensed attorneys similar to the arrangements with Ms. Li, Ms. Hao, and/or Ms. Yang, as discussed above.

In light of the widespread and apparently continuing harm being caused to affected applicants, the USPTO may take immediate mitigation actions, including suspending further action in impacted applications and/or restricting access to USPTO.gov accounts associated with Respondents.[10]

This order is issued without prejudice to the USPTO taking all other appropriate actions to protect its systems and users from Respondents' continued improper activity, including issuing additional orders relating to other applications, or referring Respondents' conduct to relevant state and federal law enforcement agencies.

常见问题

美国商标有几种形式申请?分别对亚马逊备案有什么影响？

我要如何判别一个商品是否有注册亚马逊品牌备案？

亚马逊并没有一个公开的资料库提供品牌备案查询。但有一个方式可供您辨别，如果在商品的细节页面有使用界面优化工具，那他一定有品牌备案的商品。界面优化工具提供更丰富的商品介绍、更多图片以及更细致的外观。不过使用界面优化工具只是卖家的选项之一，因此如果一个产品页面没有使用界面优化工具，并不代表他没有品牌备案。您也可以直接询问品牌拥有者此商品是否有注册备案哈。

商标是有logo的设计怎么在亚马逊上备案？和纯文字的有什么区别？

How to deal with the review opinion of the US trademark registration?

Release time: 2021-03-22Category : [Trademark Information] Views: 51

More and more companies choose to register US trademarks to enter the US market. In the process of applying for a U.S. trademark, some will receive a trademark review opinion and ask to reply to relevant questions. Many companies fear that the trademark will eventually be rejected, which will affect their plans to enter the US market. So what should I do when I encounter an audit opinion when registering a U.S. trademark?

First, there is no US professional trademark agency/trademark agency to apply for a trademark.

Trademark applicants are not familiar with the trademark application process and precautions. If you just organize the submission of materials yourself, it is easy to receive review comments because the submitted materials are not standardized. At the same time, the examiner will also suggest that the trademark applicant entrust a professional trademark agent to guide or operate on his behalf. The U.S. Patent and Trademark Office recently released a message on its official website, requiring overseas trademark and patent applicants to entrust U.S. authorized agencies to handle trademark matters. If the requirements are not met, a review opinion will be received.

If you receive such questions, please entrust a qualified professional intellectual property agency to apply for a trademark on your behalf.

Second, there are some problems with the description of the trademark logo.

Each trademark has its own unique meaning. An accurate language description is required in the application materials. If the description language deviates from the information presented by the mark itself, it can also be a factor in the auditor's review.

Handling method: consult a professional trademark agent or lawyer, revise the trademark specification, describe it accurately, and try to summarize every detail of the trademark design.

Third, the samples submitted by the business were counterfeit and not sold in the United States.

There are two bases for filing a US trademark: used and intentional. The application basis for use shall be submitted with a certificate of use. If the examiner finds that the relevant evidence is falsified and the relevant product or service is not sold in the United States, the trademark applicant will receive an examination opinion.

What to do: Change the app base to the intended use. When submitting instructions for use in the future, a better quality proof of use can be submitted and, as appropriate, product categories not sold in the United States can be removed. Based on the comments, submit evidence of use for each product category sold in the United States.

如何应对美国商标注册的审查意见？

发布时间：2021-03-22 分类：【商标资讯】 阅读量：52

越来越多的企业选择注册美国商标进入美国市场。在申请美国商标的过程中，有的会收到商标审查意见，并要求回复相关问题。许多公司担心该商标最终会被拒绝，这将影响他们进入美国市场的计划。那么在注册美国商标时遇到审核意见时该怎么处理呢？

第一，没有委托美国专业商标代理机构/商标代理机构申请商标。

商标申请人不熟悉商标申请流程及注意事项。如果只是自己组织提交材料，很容易收到审核意见，因为提交的材料不规范。同时，审查员还会建议商标申请人委托专业商标代理人代为指导或操作。美国专利商标局近日在其官网发布消息，要求海外商标、专利申请人委托美国授权机构办理商标事宜。如果不符合要求会收到审查意见。

如收到此类问题，请委托有资质的专业知识产权代理机构代为申请商标。

第二，商标标识的描述存在一些问题。

每个商标都有自己独特的含义。申请材料中需要准确的语言描述。如果描述语言偏离了商标本身所呈现的信息，也会成为审核员审核的一个因素。

处理方法：咨询专业商标代理人或律师，修改商标说明书，准确描述，尽量概括商标设计的每一个细节。

第三，企业提交的样品是伪造的，不在美国销售。

申请美国商标有两个依据：使用的和有意的。使用申请依据，应当提交使用证明。如果审查员发现相关证据是伪造的，并且相关产品或者服务没有在美国销售，商标申请人将收到审查意见。

处理方法：将应用基础改为预期用途。以后提交使用说明书时，可以提交质量更好的使用证明，并酌情删除不在美国销售的产品类别。根据评价意见，提交在美国销售的每个产品类别的使用证据。

Why do you say that registering an international trademark solves the problem of cross-border trademark protection?

Release time: 2021-06-11Category : [Trademark Information] Views: 46

Currently, China has the largest number of U.S. trademark filings outside of the U.S., and it's growing at a terrifying rate year after year. The United States requires overseas companies to hire American lawyers to register US trademarks, which undoubtedly raises the market entry threshold to a certain extent and directly affects the vital interests of Chinese companies going overseas.

Registration principle: Trademark laws vary from country to country. Some countries take application as the principle, and some countries take registration as the principle. Therefore, attention should be paid to overseas trademark registration to prevent registration failure;

trademark classification: the classification of trademarks in most countries is based on the Nice classification, but some countries such as the United States will also refine the classification of trademarks;

success rate: the success rate of trademark registration depends on varies by country. Relatively speaking, the EU trademark registration examination is relatively strict, and the registration needs to pass the examination of all member states. Once rejected, all countries will reject it.

In most countries, celebrity names cannot be registered as trademarks.

The trademark laws of most countries stipulate that geographical names cannot be registered as trademarks.

Now companies or individuals pay more and more attention to intellectual property rights, and domestic and foreign trademarks are very nervous. Therefore, entrusting professional institutions to register can not only improve the success rate of trademark registration, but also make it easier for enterprises to register overseas trademarks.

为什么说注册国际商标解决跨境商标保护问题？

发布时间：2021-06-11 分类：【商标资讯】 阅读量：47

目前，中国是除美国之外美国商标申请数量最多的国家，并且以可怕的速度逐年增长。美国要求海外企业聘请美国律师注册美国商标，这无疑在一定程度上提高了市场进入门槛，直接影响中国企业出海的切身利益。

注册原则：各国商标法不尽相同。有的国家以申请为原则，有的国家以登记为原则。因此，要重视海外商标注册，防止注册失败；

商标分类：大多数国家的商标分类都是以尼斯分类为基础，但美国等一些国家也会细化商标分类；

成功率：商标注册的成功率因国家而异。相对而言，欧盟商标注册审查比较严格，注册时需要通过所有成员国的审查。一旦被拒绝，所有国家都会拒绝。

在大多数国家，名人的名字不能注册为商标。

大多数国家的商标法规定地名不能注册为商标。

现在企业或个人越来越重视知识产权，国内外商标都很紧张。因此，委托专业机构注册不仅可以提高商标注册的成功率，还可以使企业更容易注册海外商标。

New regulations on US trademarks

Recently, the US Trademark Office issued an announcement stating that new trademark regulations, namely mandatory electronic filing , will be implemented from February 15, 2020 .

The main change in the new regulations is the **use** of evidence. The rules for providing evidence of product use after mandatory electronic application are as follows:

1. Provide a screenshot of the webpage, and provide the URL or the date of the webpage printing;
2. The label details and LOGO must be displayed on your product or packaging;
3. Proof of use may be required for all selected products.

In the words of our cross-border people:

1. If you provide screenshots of webpages (such as screenshots of Amazon sales) as proof of use, you need to provide the corresponding webpage links and the link generation date;

2. If you provide product pictures as proof of use, you need to provide proof of use with logo.

3. Not all evidences must provide links. Web links are only for those who provide screenshots of webpages (such as screenshots of Amazon sales) as evidence of use, and links must be provided.

Why is using evidence so important?

When it comes to proof of use of a trademark, the **US is very different from other countries.** Since U.S. trademark applications follow the principle of "first use" rather than prior application, new trademark applications need to provide evidence of their actual use, otherwise registration will fail even if they pass the preliminary examination of the examiner.

After the **trademark registration is successful, the evidence of trademark use is also very important.** According to the U.S. Trademark Law, the trademark registrant must submit a statement of continued use of the trademark to the United States Patent and Trademark Office in a timely manner and provide evidence of use or a statement of reasonable non-use of the trademark and provide reasons for the non-use.

In addition, according to the U.S. trademark law, when applying for trademark renewal, the trademark registrant must submit a declaration of continued use of the trademark (or a declaration of reasonable non-use of the trademark) and an application for trademark renewal to the United States Patent and Trademark Office.

The importance of trademark use evidence in U.S. trademark registration and maintenance of trademark rights is evident. The new regulations issued by the U.S. Trademark Office this time also put forward stricter measures to regulate trademark applications to ensure the accuracy and completeness of applications.

2. Provide the precise email address to receive correspondence from the USPTO regarding its particular application or registration, and maintain it.

3. Provide an accurate mailing address to ensure that the mailing address can be contacted when the mailbox is lost (invalid).

In fact, as early as July 2019, the United States Patent and Trademark Office (USPTO) announced a new rule requiring all non-U.S. registered trademark applicants, registrants, and parties to the Trademark Trial and Appeal Board proceedings to appoint a A lawyer who is licensed to practice law in the United States will act on his behalf. Later, the USPTO's new all-electronic processing program required all applicants and registrants to provide an email address. Today, the Patent and Trademark Office of the People's Republic of China has once again put forward new requirements for trademark applications. It **can be seen that the application standards for US trademarks are getting higher and higher, and the examination of evidence of use proposed by applicants is becoming more and more strict.**

Therefore, sellers who have not registered or are still hesitating should act quickly.

There may be sellers who are not quite clear about the benefits of holding US trademarks. Pepe will talk about it below.

What are the benefits of registering a US trademark?

1. Better access to the US market

In the United States, its trademark law is very well established. A registered trademark in the United States can enjoy the exclusive right to use the trademark in the United States, which can prevent others from entering the US market with the same trademark for the same goods or services, and at the same time prevent infringement, resist malicious competition from competitors, and safeguard their own interests.

2. Earn license fees

U.S. law stipulates that trademarks are transferable. When your trademark has a certain reputation in China but you cannot go to the United States to expand the market for many reasons, you can license the trademark registered in the United States to others and earn license fees.

3. Prerequisites for Amazon Brand Registration

In 2020, Amazon is paying more and more attention to brands. Some time ago, there were cases where sellers could not upload products because they did not have brand registration. The premise of brand registration is that you must have a trademark.

4. Brands must go overseas

In recent years, it has become a general trend for brands to go overseas. For the cross-border e-commerce industry, if you want to keep up with the trend, the brand is the confidence, and it will become more and more difficult for sellers without brands and trademarks.

申请更难了！美国商标又出新规，你的有准备好吗？

发布时间：2021-03-23 分类：【商标资讯】 阅读量：55

2020年开始了，美国商标又出新规了。

美国商标再出新规

近日，美国商标局发布公告，表示将于2020年2月15日起实施新的商标规定，即**强制性电子申请。**

新规的主要变动的就是关于**使用证据**方面，强制电子申请后产品使用证据提供规则如下:

1. 提供网页截图，须提供网址或网页列印的日期；
2. 须将标签细节和LOGO显示在您的商品或包装上；
3. 可能所有已选的商品都要提供使用证据。

用我们跨境人的话来说就是：

1、如果提供网页截图（如亚马逊销售截图）作为使用证据，则需提供相应网页链接以及链接生成日期；

2、如果提供产品图片作为使用证据，则需提供带logo使用证据。

3、不是所有证据都必须提供链接，网页链接只针对提供网页截图（如亚马逊销售截图）作为使用证据的，就必须要提供链接。

使用证据为啥如此重要？

说到商标的使用证据，**美国和其他国家有很大不同。**由于美国商标申请遵循“在先使用”原则，而不是申请在先，新的商标申请需提供其实际使用证据，否则即使通过审查员的初步审查，也会注册失败。

而在商标注册成功之后，商标使用证据也非常重要。根据美国商标法规定，商标注册人必须适时的向美国专利商标局提交商标继续使用声明并提供使用证据或者商标合理未使用声明以及提供未使用的理由。

此外，根据美国商标法规定，办理商标续展时，商标注册人必须向美国专利商标局提交商标继续使用声明（或商标合理未使用声明）以及商标续展申请书。

商标使用证据在美国商标注册和商标权维持中的重要性可见一斑，此次美国商标局出新规，也是提出了更严格的举措来规范商标申请，以确保申请的准确性和完整性。

新法规适用于哪些人？

除极个别例外，它将适用于**所有在美国专利商标局 (USPTO)申请商标的人。**

新法规对商标申请人和注册人的具体要求如下:

1、使用USPTO的商标电子申请系统（TEAS）在线提交其商标申请和有关商标申请和注册的文件。

USPTO的有关其特定申请或注册的[illegible]以维护。

新法规适用于哪些人？

除极个别例外，它将适用于**所有在美国专利商标局 (USPTO)申请商标的人。**

新法规对商标申请人和注册人的具体要求如下:

1、使用USPTO的商标电子申请系统（TEAS）在线提交其商标申请和有关商标申请和注册的文件。

2、提供精确的电子邮件地址用以接收来自USPTO的有关其特定申请或注册的信函，并对其加以维护。

3、提供准确的邮寄地址以确保邮箱失联（失效）时可通过邮寄地址来联系。

其实，早在2019年7月份，美国专利商标局（USPTO）就宣布了一项新规定，要求所有非美国籍注册的商标申请人、注册人以及商标审判和上诉委员会诉讼的当事人都必须委托一名获得在美国执业许可的律师代表代为处理。这项新规在**8月3日正式生效。**

USPTO announces new trademark rule requiring foreign-domiciled applicants and registrants to have a U.S.-licensed attorney

July 2, 2019 Press Release 19-11

WASHINGTON – The United States Patent and Trademark Office (USPTO) today announced a new rule requiring all foreign-domiciled trademark applicants, registrants, and parties to Trademark Trial and Appeal Board proceedings to be represented by an attorney who is licensed to practice law in the United States.

The requirement applies to all trademark applicants, registrants, and parties whose permanent legal residence or principal place of business is outside the United States. These applicants, registrants, and parties are required to have a U.S.-licensed attorney represent them at the USPTO in all trademark matters.

该条例的实施，最直接的影响便是导致商标注册费用的上涨，上涨幅度在1000—3000元不等。没能在此之前注册美国商标的卖家，估计肠子都悔青了~

之后，USPTO新的全电子处理计划又要求所有申请人和注册人必须提供一个电子邮件地址。如今，国专利商标局再次对商标申请提出新要求，**可以看到，美国商标的申请标准是越来越高，对申请人提出的使用证据审查也越来越严格。**

所以，还没注册或者还在犹豫的卖家要赶紧行动了。

可能有卖家还不太清楚手握美国商标的好处，下面佩佩就来说说。

注册美国商标有啥好处？

1、更好的进军美国市场

在美国，其商标法是非常完善的。在美国注册商标可以享有美国使用商标的专用权，能够阻止别人在同样的商品或者服务的商标进入美国市场，同时防侵权，还能抵制竞争对手的恶意竞争，维护好自己的利益。

2、赚取许可费

美国法律规定商标是可以转让的，当您的商标已在国内有一定知名度但您却由于很多原因不能去美国拓展市场时，您可以将在美国注册的商标许可给别人使用，赚取许可费。

3、亚马逊品牌备案前提

2020年，亚马逊对品牌越来越重视，前段时间就有卖家因为没有品牌备案不能上传产品的情况，而品牌备案的前提就是你得有商标。

4、品牌出海必备

近几年，品牌出海是大势所趋。打铁还需自身硬，对于跨境电商行业而言，想要跟上趋势，品牌就是底气，无品牌、无商标的卖家将会越来越难。

当然，美国商标的好处远不止这些，这里就不一一列举了。从这次新规可以看到，之后美国商标的申请必然会越来越难，所以，还未注册美国商标的卖家，**尽快行动哦！**

Why are US trademark registrations divided into used and intended use?

Release time: 2021-08-20Category :[Trademark Information] Views: 148

Trademark laws in the United States are different from those in most countries. The US trademark law mainly reflects the principle of prior use of trademarks, while most countries adopt the principle of prior registration. Literally, if your trademark has been in use in the U.S. for some time, and you have proof of use, you can get registration priority when you register your trademark. Competitors have a hard time grabbing your trademark.

Unlike other countries, whether your trademark is used in other countries or not, whoever registers it first will be protected by trademark law.

The U.S. trademark law is a highly sophisticated system, and the U.S. is also the largest market for cross-border e-commerce.

If your trademark is already in use in the United States, you need to provide proof of use when registering your trademark, such as the product packaging and logo on the product, sales records or sales links.

Intentional use in U.S. trademark registration means that your trademark has not been used in the United States, but you just want to enter the U.S. market, and the cost of trademark registration will increase. For details on how to charge, please refer to Cybernetics US Trademark Registration Details.

In addition, when a Chinese businessman registers a U.S. trademark, he must entrust an American lawyer to handle it, which is the stipulation of the U.S. Trademark Law. Of course, if you have a company in the U.S., you can register a trademark in the name of the U.S. company, so you don't need to entrust an American lawyer.

Of course, professional matters still have to be handled by professional people, otherwise the information is incomplete, non-compliant, and not rigorous, and the cost and loss to oneself will far exceed the agency fee for trademark registration in the United States.

为什么美国商标注册分为已使用和预期使用？

发布时间：2021-08-20 分类：【商标资讯】 阅读量：149

美国的商标法不同于大多数国家。美国商标法主要体现商标在先使用原则，而大多数国家采用的是在先注册原则。从字面上看，如果你的商标在美国已经投入使用一段时间，并且你有使用证明，那么你在注册商标的时候就可以获得注册优先权。竞争对手很难抢到你的商标。

与其他国家不同，无论你的商标是否在其他国家投入使用，谁先注册，谁就能受到商标法的保护。

美国的商标法是一个高度完善的体系，美国也是跨境电子商务最大的市场。

如果你的商标已经在美国投入使用，在注册商标时，需要提供使用证明，比如产品包装和产品上的logo、销售记录或销售链接。

美国商标注册中的故意使用，意味着你的商标在美国没有使用过，但你只是想进入美国市场，商标注册的成本会增加。具体如何收费，请参考控制论美国商标注册详情。

此外，中国商人注册美国商标时，必须委托美国律师办理，这是美国商标法的规定。当然，如果你在美国有公司，可以用美国公司的名义注册商标，所以不需要委托美国律师。

当然，专业的事情还是要由专业的人来处理，否则信息不完整、不合规、不严谨，给自己带来的成本损失远远超过美国商标注册的代理费。

PTO 160372 (Special project)

From ZHENG, Li-ting

Our company is looking for a US attorney cooperation partner to serve as an agent in registering US trademarks. Our company is Maijiachengzhang [“Seller growth”] Co. Ltd form the city of Shenzhou. We have our own US trademarks application team. Lately, the US Trademark Office came out with new application requirements, and we need the help of US lawyers; we do not need you to handle any applications for us, what we need is to use a US attorney’s information as our US agent information in applying for US trademarks; nor do we need you to handle responses to documents from the examining and verifying attorneys, all you have to do is forward the documents to us, and the price is negotiable. You must: possess a USA license, be able to provide a US communication info for us to use, upon receipt of correpsondence, it has to be forwarded to us.

You can have a look at the flow chart of cooperation between only us an and a US attorney.

TRANSLATION

Key to the chart

[Top center] Flowchart of SG cooperation with US lawyers on US TM applications

1 – SG receives client information and submits application materials on the USPTO official website;

2 – The correspondent information that SG fills in the application is the law office information; included therein is the attorney's US code and communication address;

3 – Upon filling in of all the information, prior to paying the official fee, a signature is required; the attorney's name must be signed;

4 – payment is handled by our company.

Note:

1. When submitting a US TM Application, an e-mail inbox is required for communication. We suggest that the law office should provide SG with an e-mail inbox for use related to TM applications having the same suffix as your office's other e-mail inboxes; if there is TM-related correspondence, SG can handle the response on its own through the e-mail inbox.

2. After a TM registration is approved, the TM Office will mail the Trademark Certificate to your office's US address; considering the scheduled time of 15 business days as a unit, we request that colleagues working at the US Law Office send the certificate to our company's Shenzhou headquarters, the mailing expenses to be covered by our company.

I am looking forward to hearing from you.

Re: Correspondence Regarding Sellergrowth

Dear [redacted]

This letter is responsive to your e-mail dated February 16, 2022, which requested Elizabeth Yang's assistance with respect to a matter involving Shenzhen Sellergrowth Network Technology Company Limited ("Seller Growth"). Thank you for the telephone call on February 17, 2022, wherein you clarified some of the requests laid out in your correspondence. Below, we provide responses to your requests, verified by Ms. Yang. Please feel free to contact me directly should you have any questions or concerns.

SPECIFIC REQUESTS FOR INFORMATION

REQUEST 1: The dates when Ms. Yang's business relationship with Sellergrowth began and when it ended:

As Ms. Yang previously informed the Office of Enrollment and Discipline, Ms. Yang's relationship with Sellergrowth spanned from approximately October 2019 through December 2020.

REQUEST 2: Any email addresses used by Sellergrowth which were associated with Ms. Yang or her law practice:

As Ms. Yang previously informed the Office of Enrollment and Discipline, Ms. Yang believes elisa@yanglawoffices.com to be the only such e-mail address.

REQUEST 3: Any USPTO.gov accounts, identified by email address and name, used by Sellergrowth which were associated with Ms. Yang or her law practice:

Ms. Yang is unaware of any specific USPTO.gov accounts; however, as Ms. Yang previously informed the Office of Enrollment and Discipline, the following e-mail addresses may have been associated with Sellergrowth:

- Elisa He - heqing@sellergrowth.com
- Stefanie Liu - liuxiaoqiong@sellergrowth.com
- Pan Min - minpan@sellergrowth.cn
- Qijiao Zhou - zhouqijiao@sellergrowth.cn
- Iris Wang - zhengliting@sellergrowth.com
- Janie Liu - liujiaxin@sellergrowth.cn

REQUEST 4: The names and job titles of individuals affiliated with Sellergrowth who have any personal knowledge or information about, or who possess or control any data, documents, evidence or other tangible items regarding Ms. Yang's relationship with

Sellergrowth, including individuals currently or previously working with Sellergrowth and its related companies:

Ms. Yang is unaware of any specific job titles; however, as Ms. Yang previously informed the Office of Enrollment and Discipline, the names of certain individuals she interacted with are below. Ms. Yang has no personal knowledge regarding their current employment or affiliation, but understands specifically that Ms. He may have left the organization around August 2020.

- Elisa He
- Stefanie Liu
- Pan Min
- Qijiao Zhou
- Iris Wang
- Janie Liu

REQUEST 5: Identify any submissions, with particularity (i.e., application serial number, submission type, and date), which Ms. Yang knows or has reason to believe were signed by a third party using her name in the signature field, including declarations and responses to Office actions:

Enclosed as EY000001, please find a PDF listing of the trademark applications, by serial number, that Ms. Yang believes are affiliated with Sellergrowth. Please note that we do not have a breakdown by submission type. Per customary policy, our law firm worked with the Office of the Deputy Commissioner for Trademark Examination Policy in December 2020 and January

2021, on behalf of Ms. Yang, to formulate a corrective action plan regarding ratification of signatures. The Office of Enrollment and Discipline was also informed of this plan. In accordance with prior guidance provided both by Trademark Examination Policy and the Office of Enrollment and Discipline, Ms. Yang filed multiple Voluntary Amendments and similar filings to ratify signatures and/or correct the record with the U.S. Patent and Trademark Office. As such, we believe that many if not all of these applications are appropriately pending or registered.

REQUEST 6: Any other information pertinent to Ms. Yang's activities in connection with Sellergrowth.

As noted above, Ms. Yang fully cooperated with the Office of Enrollment and Discipline in attempting to cure any deficiencies in these trademark filings. For a number of years, the U.S. Patent and Trademark Office—both for patent signatures and trademark signatures—has permitted and accepted ratified signatures to address and correct applications and other documents where signatures may not have technically complied with the personal signature requirements of 37 CFR 2.193 and 1.4. We have relied on that guidance and policy directives in providing counsel to patent and trademark clients who have had issues with whether a signature was personally entered. *See also* TMEP 718.03 ("The examining attorney must issue a notice of incomplete response, granting the applicant 30 days, or to the end of the six-month response period set forth in the previous Office action, whichever is longer, to perfect the response pursuant to 37 C.F.R. §2.65(a)(2)."). To date, we are unaware of the Office having rejected such corrective measures and ratified signatures. We trust that the Commissioner for Trademarks will continue to follow the policies and practices that we have been aware of for years for correcting personal signatures by ratification, including those published within the TMEP. If the Office is changing its policies and practices regarding ratification of signatures, we would consider that to be a substantial change from prior policy and practices and is inconsistent with guidance previously provided to the undersigned by the U.S. Patent and Trademark Office—potentially necessitating compliance with the Administrative Procedure Act.

As you can imagine, some of these issues are quite sensitive, and Ms. Yang has attempted to provide you as much information as possible. Please feel free to contact me directly should you have any questions or concerns, or require additional information.

Very truly yours,

McCabe & Ali, LLP

- ***Second Filing Deadline:*** You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.* See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*
What and When to File:

- You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see http://www.wipo.int/madrid/en/.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at http://www.uspto.gov.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO. To ensure that e-mail is authorized and your address is current, please use the Trademark Electronic Application System (TEAS) Correspondence Address and Change of Owner Address Forms available at http://www.uspto.gov.

FINAL ORDER

The Director of the Office of Enrollment and Discipline ("OED Director") for the United States Patent and Trademark Office ("USPTO" or "Office") and Kathy Q. Hao ("Respondent"), have submitted a Proposed Settlement Agreement ("Agreement") to the Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office ("USPTO Director") for approval. The Agreement, which resolves all disciplinary action by the USPTO arising from the stipulated facts set forth below, is hereby approved. This Final Order sets forth the parties' stipulated facts, legal conclusion, and sanctions.

Jurisdiction

1. At all times relevant hereto, Respondent of Pasadena, California has been subject to the USPTO Rules of Professional Conduct, which are set forth at 37 C.F.R. §§ 11.101 through 11.901.

2. The USPTO Director has jurisdiction over this matter pursuant to 35 U.S.C. §§ 2(b)(2)(D) and 32 and 37 C.F.R. §§ 11.19, 11.20, and 11.26.

Joint Stipulated Facts

3. At all times relevant to the Complaint, Respondent has been an attorney licensed to practice in the State of California. Respondent was admitted to practice law by the

State of California on May 24, 2006, under license number 243231.

4. Respondent was admitted to practice law in the State of Washington on January 17, 2020, under license number 55972.

5. Respondent is the owner and founder of the law firm known as TCW Global Legal Group ("TCW"). Respondent began practicing before the USPTO in trademark matters on or around August 2019.

6. Between October 2019 and October 2021, Respondent was listed as attorney of record in approximately 5200 trademark applications filed with the USPTO.

7. All trademark applications contain declarations, in which the signatory makes specific representations regarding the applicants' use of the mark in commerce or their intent to use the mark in commerce. USPTO signature rules require that all such signatures be personally entered by the named signatory. *See* 37 C.F.R. §§ 2.193(a) and (c), and 37 C.F.R. § 11.18(a). Typing the electronic signature of another person is not a valid signature under USPTO rules. *Id.*

8. The declarations in trademark applications are signed under penalty of perjury, with false statements being subject to punishment under 18 U.S.C. § 1001. Signatories to declarations in trademark applications make specific representations regarding the applicants' use of the mark in commerce or their intent to use the mark in commerce.

9. At all times relevant to this matter, the following published guidance from the USPTO identified the proscription against any person other than the named signatory entering the electronic signature in trademark documents filed with the USPTO:

> All documents must be personally signed. 37 C.F.R. §§ 2.193(a)(1), (c)(1), 11.18(a). The person(s) identified as the signatory must manually enter the elements of the electronic signature. Another person (e.g., paralegal, legal assistant, or secretary) may not sign the name of a qualified practitioner or other authorized signatory. *See In re Dermahose Inc.*, 82 USPQ2d 1793 (TTAB 2007); *In re Cowan*, 18 USPQ2d 1407 (Comm'r Pats. 1990). Just as signing the name of another person

> on paper does not serve as the signature of the person whose name is written, typing the electronic signature of another person is not a valid signature by that person.
>
> Trademark Manual of Examining Procedure § 611.01(c) (Oct. 2018).

10. A practitioner has an ethical obligation under the USPTO Rules of Professional Conduct to know who is the client. *See Responsibilities of Practitioners Representing Clients in Proceedings Before the Patent and Trademark Office*, 1421 CNOG 2690 (December 29, 2015) (citing 50 FR 5164 (Feb. 6, 1985); and 1086 Trademark Official Gazette 357 (Jan. 5, 1988)).

11. Where a trademark practitioner works with a foreign intermediary, the client is the trademark applicant. *See Responsibilities of Practitioners Representing Clients in Proceedings Before the Patent and Trademark Office*, 1091 OG 26 (May 25, 1988). *See also Srojirenstvi v. Toyoda*, 2 USPQ2d 1222 (Comm'r Pat. 1986) (explaining, in part, that a U.S. practitioner who receives instructions from a trademark owner through a foreign agent does not change the fact that the client is still the trademark owner rather than the foreign agent).

12. Between October 2019 and October 2021, Respondent had business relationships with three different entities ("Entities"):

a. Shenzen Quianhai Be-Victory Network Technology Co., Ltd., also known as "Seller Growth," between October 2019 and December 2019;

b. Shenzhen Long IP Ltd Company, also known as "Shenmate" between July 2020 and December 2020;

c. "Xingyue Technology Ltd. Co.," also known as "Xingyue" between October 2020 and October 2021.

13. Each of the Entities had operations located outside the United States, and would provide services intended to assist merchants in listing their products for sale on online platforms. In each of these business relationships, Respondent's role was to provide trademark

application services before the Office to individuals who had contracted with the Entities.

14. For each of the Entities, Respondent's role was essentially the same. Individual trademark applicants, exclusively foreign nationals, would contract with the Entities to submit trademark applications.

15. For each trademark application, the Entities would provide Respondent with trademark application information in an electronic file in MS-Word or PDF format, which included information about a proposed class, description, specimens, and other information relevant to Respondent's review of the application prior to filing. Along with that information, the Entities would provide Respondent with a signed authorization and consent from the client.

16. Respondent relied on the information provided to her by the Entities in that file to evaluate the application, and would communicate with the Entities and trademark applicants directly, through a web service known as "WeChat," to gather further information.

17. Following her review of the trademark applications, Respondent would personally insert her signature into the file to indicate her final approval and review and to authorize the use of her signature, and then return the file to the Entities electronically.

18. The Trademark Electronic Application System ("TEAS") is the USPTO's electronic trademark filing and prosecution system. Through TEAS, trademark documents are electronically prepared, signed, and filed with the Office.

19. For trademark applications entered into the TEAS system, the electronic signature is required to be entered at the time of filing to ensure that the person signing and filing the document is personally verifying the facts set forth in the document at the time of filing.

20. After Respondent inserted her signature into the electronic file and returned the file electronically to the entities, a person other than Respondent would then enter the

information into the trademark application via the TEAS system, enter Respondent's electronic signature, and submit that application to the USPTO, along with the required fees.

21. The USPTO relies on the information and representations contained in trademark applications, including that the signatures certifying those representations, in the course of examining trademark applications and issuing registrations. Respondent did not enter her signature into the TEAS system for any of the trademark applications that the Entities completed and filed on her behalf.

22. Respondent caused or otherwise allowed Seller Growth to prepare, sign, and file with the USPTO, on behalf of Seller Growth trademark applicants, at least 250 trademark applications ostensibly bearing her signature between October 2019 and December 2019.

23. Respondent caused or otherwise allowed Shenmate to prepare, sign, and file with the USPTO, on behalf of Shenmate trademark applicants, at least 3,000 applications ostensibly bearing her signature between July 2020 and December 2020.

24. Respondent caused or otherwise allowed Xingyue to prepare, sign and file with the USPTO, on behalf of Xingyue trademark applicants, at least 1,100 applications ostensibly bearing her signature between October 2020 and October 2021.

25. Respondent was informed, at least as early as late December, 2020, that USPTO signature rules required a signatory to sign trademark applications personally, and that causing another so sign a trademark application on a practitioner's behalf would result in an impermissible signature.

26. Prior to September 15, 2021, the date of the filing of a Complaint in the present action, Respondent did not inform any of the trademark applicants that the signature on their trademark application may be impermissible and so may impact their intellectual property

rights.

27. Between August 1, 2021, and October 1, 2021, Respondent, in conjunction with Xingyue, caused an additional 130 trademark applications to be filed, using the same improper signature procedure as was discussed above.

28. Upon retaining counsel in October 2021, Respondent made efforts to contact trademark applicants to notify them that the signatures on their applications may be ineffective, and may impact their intellectual property rights.

Additional Considerations

29. Respondent has never been the subject of professional discipline by the USPTO, and Respondent represents that she has never been the subject of any such discipline by any court, or any state bar.

30. Respondent expresses remorse for her conduct, and states that she accepts responsibility for her actions. Respondent represents that she has voluntarily taken a number of continuing legal education courses to better understand her responsibilities to the USPTO and clients.

31. Respondent represents that she is involved in her local community, where she provides pro bono legal services and otherwise works to support the Asian and Chinese-American communities to promote harmony and trade.

32. Respondent represents that she obtained signed authorizations from trademark applicants authorizing her representation of their interests before the USPTO, but did not fully understand the requirement to personally enter her signature, and did not appreciate the gravity of the USPTO's reliance on the contents of the trademark application filings.

33. Respondent represents that she has taken corrective action, including severing

her business relationships with the Entities on or about October 1, 2021, contacting her clients, and filing Voluntary Amendments with the USPTO.

34. Respondent has submitted a document to the USPTO, identifying each of the trademark applications filed in conjunction with the Entities, describing the process used to file those applications, and noting that the signatures within those applications may be improper.

Joint Legal Conclusions

35. Respondent acknowledges that, based on the information contained in the Joint Stipulated Facts, above, her conduct violated the following provisions of the USPTO Rules of Professional Conduct:

a. 37 C.F.R. § 11.101 (practitioner shall provide competent representation) by (i) failing to fully appreciate that the trademark applicants, and not just the Entities, were her clients; (ii) not knowing or understanding the USPTO trademark signature requirements in 37 C.F.R. § 2.193 and 37 C.F.R. § 2.11 insofar as Respondent believed that allowing others to sign her name to TEAS trademark application documents was authorized under the USPTO trademark signature rules; and (iii) not knowing or understanding that the U.S. Counsel Rule and 37 C.F.R. § 11.18(b)(2)(iii), required Respondent to personally certify that she adequately reviewed specimens and conducted an inquiry reasonable under the circumstances to support the factual contentions in declarations attached to applications bearing her signature, including representations that the specimens were bona fide specimens showing that the marks were actually used in commerce;

b. 37 C.F.R. § 11.103 (practitioner shall act with reasonable diligence and promptness in representing clients) by failing to take reasonable steps to ensure that her clients' trademark filings were signed in accordance with the USPTO trademark signature rules;

c. 37 C.F.R. § 11.104(a)(2) (failing to reasonably consult with the client about the means by which the client's objectives are to be accomplished), by failing to notify the trademark applicants, either directly or through the Entities, of the impermissible signatures on the trademark applications or the actual or potential adverse consequences to legal rights in pending trademark applications or in issued registrations due to the impermissible signatures;

d. 37 C.F.R. § 11.104(a)(3) (failing to keep the client reasonably informed about the status of the matter) by, following the termination of the relationship with Seller Growth, not informing trademark applicants that she would no longer serve as their local counsel;

e. 37 C.F.R. § 11.104(b) (failing to explain a matter to the extent reasonably necessary to permit the client to make informed decisions regarding the representation) by, after December 2020, failing to notify the trademark applicants of the impermissible signatures on the trademark applications or the actual or potential adverse consequences of those impermissible signatures to legal rights in pending trademark applications or in issued registrations;

f. 37 C.F.R. § 11.116(d) (failing to take reasonable measures to protect the interests of her clients upon the termination of representation) by failing to inform the trademark applicants she had represented between October 2019 and December 2019 in conjunction with Seller Growth that she would no longer serve as their attorney;

g. 37 C.F.R. § 11.303(a)(1) (knowingly making false statements of fact or law to a tribunal or failing to correct false statements of material fact or law previously made to the tribunal by the practitioner) by allowing the Entities to sign Respondent's name on trademark documents, including declarations, filed with the USPTO with the knowledge that the USPTO would rely on such trademark documents in examining applications and issuing registrations;

h. 37 C.F.R. § 11.303(a)(3) (knowingly offering false evidence to a tribunal) by allowing the Entities to sign Respondent's name on trademark documents, including declarations, filed with the USPTO with the knowledge that the USPTO would rely on such trademark documents in examining applications and issuing registrations;

i. 37 C.F.R. § 11.303(d) failing to inform the Office, in an *ex parte* proceeding, of all material facts known to the practitioner that will enable the Office to make an informed decision by, *inter alia*, failing to inform the Office that the Entities signed Respondent's name on trademark applications, including declarations, filed with the USPTO after the termination of their business agreement with the knowledge that the USPTO would rely on such trademark documents in examining applications and issuing registrations;

j. 37 C.F.R. 11.304(c) (knowingly disobeying an obligation under the rules of a tribunal) by allowing others to sign Respondent's name to trademark documents, including declarations, filed with the USPTO, in violation of 37 C.F.R. § 2.193 and/or 37 C.F.R. § 2.11

k. 37 C.F.R. § 11.505 (assisting another in practicing law in a jurisdiction in violation of the legal profession in that jurisdiction) by (i) failing to communicate directly with trademark applicants and allowing others who are not authorized to practice before the USPTO to counsel trademark applicants (*e.g.*, allowing Entities' staff to counsel trademark applicants on substantive legal matters such as what constitutes a proper specimen, election of the filing basis (*e.g.*, Section 1(a) versus Section 1(b)), and classification decisions regarding goods and services, prior to involvement by Respondent); (ii) allowing Entities to sign her name to applications filed with the

USPTO; and (iii) using a trademark submission process where Respondent did not retain control over the filing of the final application and, instead, allowed persons who signed her name to applications to retain such control;

l. 37 C.F.R. § 11.804(d) (engaging in conduct prejudicial to the administration of justice) by, *inter alia*, (i) failing to communicate directly with trademark applicants and allowing others who are not authorized to practice before the USPTO to counsel trademark applicants (*e.g.*, allowing Entities' staff to counsel trademark applicants on substantive legal matters such as what constitutes a proper specimen, election of the filing basis (*e.g.*, Section 1(a) versus Section 1(b)), and classification decisions regarding goods and services); (ii) allowing others to sign Respondent's name on trademark documents, including declarations, filed with the USPTO with the knowledge that the USPTO would rely on such trademark documents in examining applications and issuing registrations, and (iii) using a trademark submission process where Respondent did not retain control over the filing of the final application and, instead, allowed persons who signed her name to TEAS applications to retain such control;

Agreed-Upon Sanction

36. Respondent agrees and it is hereby ORDERED that:

a. Respondent shall be, and hereby is, suspended from practice before the Office for a period of six (6) months, commencing fourteen (14) days from the date of the Final Order;

b. Respondent shall serve a probationary period that shall begin on the date of the Final Order and shall extend for twelve (12) months from the date granting a petition reinstating Respondent to practice before the USPTO, but shall end three years after the date of the Final Order if Respondent does not seek reinstatement before then. If Respondent seeks reinstatement after three years from the date of the Final Order, she will serve a probation period of twelve (12) months from the date of an order granting a petition requesting Respondent's reinstatement to practice before the Office. Respondent is not required to seek reinstatement if she does not practice before the USPTO;

c. Concurrent with any petition for reinstatement, Respondent shall provide to the OED Director a letter acceptable to the OED Director from an attorney in which said attorney agrees to serve as a practice monitor for Respondent for a period of one year, starting on the date that Respondent is granted reinstatement to practice before the USPTO. The attorney serving as practice monitor will begin to serve when the Respondent is reinstated, and shall submit reports to the OED Director at the end of each three-month period of Respondent's probation, beginning with Respondent's reinstatement. Within each report, the practice monitor will certify that he or she has been made aware of Respondent's practice before the Office (as defined by 37 C.F.R. § 11.5(b)(2)), and that any practice before the Office conforms to the requirements of the USPTO Rules of Professional Conduct. Respondent will be responsible for

securing the practice monitor, and for any costs associated with obtaining the services and reports of the practice monitor. The practice monitor may be chosen by Respondent, but Respondent is placed on notice that the OED Director will not accept a practice monitor who is related to Respondent, previously engaged in an attorney-client relationship with Respondent, or has been disciplined by the USPTO or other jurisdiction;

d. (1) If the OED Director is of the opinion that Respondent, during her suspension or probationary period, failed to comply with any provision of the USPTO Rules of Professional Conduct, 37 C.F.R. § 11.58, or any of the above conditions of probation identified in items b. and c., the OED Director shall:

(A) issue to Respondent an Order to Show Cause why the USPTO Director should not enter an order immediately suspending the Respondent up to an additional twelve (12) months for the violations set forth in the Joint Legal Conclusions, above;

(B) send the Order to Show Cause to Respondent at the last address of record Respondent furnished to the OED Director;

(C) grant Respondent fifteen (15) days to respond to the Order to Show Cause;

and

(2) in the event that after the 15-day period for response and consideration of the response, if any, received from Respondent, the OED Director continues to be of the opinion that Respondent, during Respondent's suspension or probationary period, failed to comply with the USPTO Rules of Professional Conduct, 37 C.F.R. § 11.58, the provisions of the Proposed Settlement Agreement, or any of the above conditions of probation identified above, the OED Director shall:

(A) deliver to the USPTO Director: (i) the Order to Show Cause; (ii) Respondent's response to the Order to Show Cause, if any; and (iii) argument and evidence supporting the OED Director's position;

and

(B) request that the USPTO Director enter an order immediately suspending Respondent for up to an additional eleven (11) months for the violations set forth in the Joint Legal Conclusions above;

e. Nothing herein shall prevent the OED Director from seeking discipline for any misconduct that formed the basis for an Order to Show Cause issued pursuant to the preceding subparagraph;

f. In the event the Respondent seeks a review of any action taken pursuant to subparagraph d., above, such review shall not operate to postpone or otherwise hold in abeyance the suspension;

g. The OED Director shall electronically publish the Final Order at the OED's electronic FOIA Reading Room, which is publicly accessible through the Office's website at: https://foiadocuments.uspto.gov/oed/;

h. The OED Director shall publish a notice in the *Official Gazette* that is materially consistent with the following:

Notice of Suspension and Probation

This notice concerns Ms. Kathy Hao, an attorney licensed in the states of California (license no. 243231) and Washington (license no. 55972), and who resides in Pasadena, California. Ms. Hao is hereby suspended from practice before the Office for a period of six (6) months and required to complete a probationary period for violating 37 C.F.R. §§ 11.101; 11.103; 11.104(a)(2); 11.104(a)(3); 11.104(b); 11.116(d); 11.303(a)(1); 11.303(a)(3); 11.303(d); 11.304(c); 11.505; and 11.804(d).

Ms. Hao shall serve a probationary period beginning on the date beginning on the date of the Final Order imposing her suspension and continuing for a period of twelve (12) months from the date of an order granting her petition for reinstatement to practice before the USPTO in trademark matters. The probationary period shall end after three years if Ms. Hao does not seek reinstatement during that time, but shall commence again, for a period of twelve months, if Ms. Hao seeks a reinstatement to practice before the USPTO at any point thereafter. Ms. Hao's probation following reinstatement is required to include a practice monitor.

Ms. Hao's legal practice encompasses trademark legal services. She has been listed as attorney of record in greater than 5,200 trademark applications filed with the USPTO since October 2019.

The aforementioned violations of the USPTO Rules of Professional Conduct are predicated on Ms. Hao's acts and omissions during the course of her business with three non-practitioner entities referred to by her as "Seller Growth," "Shenmate," and "Xingyue." Those three entities all operated in substantially the same manner. Each of the entities would provide services exclusively to foreign-domiciled trademark applicants. The entities would transmit documentation supplied by the trademark applicants to Ms. Hao; Ms. Hao would review that documentation; and Ms. Hao would authorize the entities to file the trademark applications with the Office over her signature. The entities would cause an individual who was not Ms. Hao to enter Ms. Hao's electronic signature in the TEAS system. This arrangement was in violation of USPTO signature rules, including 37 C.F.R. §§ 2.193 and 11.18.

Ms. Hao was notified that she was under investigation for these signature practices no later than December 2020. However, Ms. Hao continued to work with the entities after being informed that the signature practices were a violation of USPTO rules, causing more than 800 applications to be filed between December 2020 and October 2021.

Ms. Hao has not been previously disciplined by the USPTO, and she represents that she has never been the subject of professional discipline, any court, or any state bar. She represents that she now understands, and has expressed contrition for, her prior lack of understanding of the duties to trademark applicants and to the Office under the USPTO Rules of Professional Conduct. Ms. Hao also expressed remorse and accepted responsibility for her misconduct. Ms. Hao now understands that, per the USPTO's rules, authorizations and consent from a client or attorney does not permit anyone but the signatory to sign their name to documents submitted to the Office. Further, Ms. Hao now understands that the trademark applicants, and not just the entities with whom she had a referral arrangement, are her clients.

Ms. Hao has identified each of the trademark applications known to her for which she was identified as attorney of record, and has notified the USPTO that the signatures in those applications may be ineffective. Ms. Hao has attempted to contact each of the trademark applicants to notify them that the signatures may be ineffective, and taken measures that she believes are appropriate to attempt to correct the trademark applications.

Trademark practitioners engaged in practice before the USPTO are to be reasonably well informed as to the USPTO trademark signature rules and U.S. Counsel rule. The latter rule became effective on August 3, 2019, and requires applicants, registrants, or parties to a trademark proceeding whose domicile is not located within the U.S. or its territories to be represented by an attorney who is an active member in good standing of the bar of the highest court of a state in the U.S. *See* 84 FR 31498; 37 C.F.R. § 2.11(a).

In the few years preceding the U.S. Counsel Rule's effective date, the USPTO saw many instances of unauthorized practice of law where parties who were not authorized to represent trademark applicants were improperly representing foreign-domiciled applicants before the USPTO. As a result, increasing numbers of foreign-domiciled applicants were likely receiving inaccurate or no information about the legal requirements for trademark registration in the U.S., such as the standards for use of a mark in commerce, who can properly aver to matters and sign for the mark owner, or even who the true owner of a mark is under U.S. law. This practice raised legitimate concerns that affected applications and any resulting registrations were potentially invalid, and thus negatively impacted the integrity of the trademark register. Hence, the USPTO implemented the requirement for representation by a qualified U.S. attorney in response to the increasing problem of foreign-domiciled trademark applicants who purportedly were *pro se* (*i.e.*, one who does not retain a lawyer and appears for himself or herself) and who were filing inaccurate and

possibly fraudulent submissions that violate the Trademark Act and/or the USPTO's rules. For example, such foreign-domiciled applicants filed applications claiming use of a mark in commerce but frequently supported the use claim with mocked-up or digitally altered specimens that indicate the mark may not actually have been in use. Many appear to have done so on the advice, or with the assistance, of foreign-domiciled individuals and entities who were not authorized to represent trademark applicants before the USPTO. This practice undermined the accuracy and integrity of the U.S. trademark register and its utility as a means for the public to reliably determine whether a chosen mark was available for use or registration and placed a significant burden on the trademark examining operation.

The U.S. Counsel Rule is intended to increase compliance with U.S. trademark law and USPTO regulations, improve the accuracy of trademark submissions to the USPTO, and safeguard the integrity of the U.S. trademark register. For example, practitioners who represent trademark applicants before the USPTO are expected to, among other things, undertake a bona fide review of specimens submitted to the USPTO in support of a trademark application. A practitioner's failure to comply with his or her ethical obligations under the U.S. Counsel Rule may potentially adversely affect the integrity of the USPTO trademark registration process.

This action is the result of a settlement agreement between Ms. Hao and the OED Director pursuant to the provisions of 35 U.S.C. §§ 2(b)(2)(D) and 32 and 37 C.F.R. §§ 11.19, 11.20, and 11.26. Disciplinary decisions involving practitioners are posted for public reading at the Office of Enrollment and Discipline Reading Room accessible at**:** https://foiadocuments.uspto.gov/oed;

i. As Respondent has represented to OED that she will encounter difficulty sending mail to clients domiciled in China, when providing written notice pursuant to 37 C.F.R. § 11.58 (c)(3) and (c)(5), Respondent may provide clients who are domiciled in China with notice and a copy of the Final Order translated into the client's native language by electronic communication as long as (i) Respondent maintains a written record of the notices and (ii) the electronic communication service utilized by Respondent provides the ability to request a delivery receipt or Respondent requests written confirmation from the client confirming receipt of Respondent's notice.

FINAL ORDER

The Director of the Office of Enrollment and Discipline ("OED Director") for the United States Patent and Trademark Office ("USPTO" or "Office") and Elizabeth Yang ("Respondent"), have submitted a Proposed Settlement Agreement ("Agreement") to the Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office ("USPTO Director") for approval. The Agreement, which resolves all disciplinary action by the USPTO arising from the stipulated facts set forth below, is hereby approved. This Final Order sets forth the parties' stipulated facts, legal conclusion, and sanctions.

Jurisdiction

1. At all times relevant hereto, Respondent, of Monterey Park, California, has been a registered patent attorney (Registration No. 61,458) and an attorney in good standing in the State of California who has engaged in practice before the Office in trademark matters. Therefore, Respondent is subject to the USPTO Rules of Professional Conduct, which are set forth at 37 C.F.R. §§ 11.101 through 11.901.

2. The USPTO Director has jurisdiction over this matter pursuant to 35 U.S.C. §§ 2(b)(2)(D) and 32 and 37 C.F.R. §§ 11.19, 11.20, and 11.26.

Background

A. U.S. Counsel Rule for Trademark Matters

3. The USPTO published a final rule ("U.S. Counsel Rule") requiring applicants, registrants, or parties to a trademark proceeding whose domicile is not located within the U.S. or its territories to be represented by an attorney who is an active member in good standing of the bar of the highest court of a state in the U.S. *See* Requirement of U.S. Licensed Attorney for Foreign Trademark Applicants and Registrants, 84 FR 31498 (July 2, 2019).

4. The U.S. Counsel Rule became effective on August 3, 2019. *See* 37 C.F.R. § 2.11(a).

5. In the few years preceding the U.S. Counsel Rule's effective date, the USPTO had seen many instances of unauthorized practice of law ("UPL") where foreign parties who are not authorized to represent trademark applicants were improperly representing foreign applicants before the USPTO. As a result, increasing numbers of foreign applicants were likely receiving inaccurate or no information about the legal requirements for trademark registration in the U.S., such as the standards for use of a mark in commerce, who can properly aver to matters and sign for the mark owner, or even who the true owner of a mark is under U.S. law. This practice raised legitimate concerns that affected applications and any resulting registrations are potentially invalid, and thus negatively impacting the integrity of the trademark register. Hence, the USPTO implemented the requirement for representation by a qualified U.S. attorney in response to the increasing problem of foreign trademark applicants who purportedly are *pro se* (*i.e.*, one who does not retain a lawyer and appears for himself or herself) and who are filing inaccurate and possibly fraudulent submissions that violate the Trademark Act and/or the USPTO's rules. For example, such foreign applicants filed applications claiming use of a mark in commerce, but frequently

support the use claim with mocked-up or digitally altered specimens that indicate the mark may not actually be in use. Many appear to be doing so on the advice, or with the assistance, of foreign individuals and entities who are not authorized to represent trademark applicants before the USPTO. This practice undermines the accuracy and integrity of the U.S. trademark register and its utility as a means for the public to reliably determine whether a chosen mark is available for use or registration, and places a significant burden on the trademark examining operation. *See* 84 FR at 31498-31499.

6. U.S. attorneys are required to provide their bar information to the USPTO when representing applicants and registrants, whether domiciled inside or outside the U.S. *See* 37 C.F.R. §§ 2.17(b)(3), 2.32(a)(4).

B. USPTO Signature Rules for Trademark Matters

7. The USPTO trademark signature rules require that all signatures be personally entered by the named signatory and that a person electronically signing a document must personally enter any combination of letters, numbers, spaces, and/or punctuation marks that he or she has adopted as a signature, placed between two forward slash ("/") symbols in the signature block on the electronic submission. *See* 37 C.F.R. § 2.193(a) and (c) and 37 C.F.R. § 11.18(a).

8. At all relevant times, the following unequivocal published guidance from the USPTO identified the proscription against any person other than the named signatory signing electronically trademark documents filed with the USPTO:

> All documents must be personally signed. 37 C.F.R. §§ 2.193(a)(1), (c)(1), 11.18(a). The person(s) identified as the signatory must manually enter the elements of the electronic signature. Another person (e.g., paralegal, legal assistant, or secretary) may not sign the name of a qualified practitioner or other authorized signatory. *See In re Dermahose Inc*., 82 USPQ2d 1793 (TTAB 2007); *In re Cowan*, 18 USPQ2d 1407 (Comm'r Pats. 1990). Just as signing the name of another person on paper does not serve as the signature of the person whose name is written, typing the electronic signature of another person is not a valid signature by that person.

Trademark Manual of Examining Procedure § 611.01(c).

9. Trademark applications contain declarations that are signed under penalty of perjury, with false statements being subject to punishment under 18 U.S.C. § 1001. Signatories to declarations in trademark applications make specific representations regarding applicants' use of the mark in commerce and/or their intent to use the mark in commerce. The USPTO relies on such declarations signed under penalty of perjury in trademark applications in the course of examining trademark applications and issuing registrations.

C. The Trademark Applicant is the Practitioner's Client

10. A practitioner has an ethical obligation under the USPTO Rules of Professional Conduct to know who is the client. *See* 37 C.F.R. § 11.101 (concerning competency). "The PTO expects practitioners to know the identities of their clients and to take reasonable steps to avoid foreseeable prejudice to the rights of their clients." *See Responsibilities of Practitioners Representing Clients in Proceedings Before The Patent and Trademark Office*, 1421 CNOG 2690 (December 29, 2015) (citing 50 Federal Register 5164 (Feb. 6, 1985) and 1086 Trademark Official Gazette 357 (Jan. 5, 1988)).

11. Where a trademark practitioner works with an foreign intermediary, the client is the trademark applicant *See Responsibilities of Practitioners Representing Clients in Proceedings Before The Patent and Trademark Office*, 1091 OG 26 (May 25, 1988); s*ee also Strojirenstvi v. Toyoda*, 2 USPQ 2nd 1222 (Comm'r Pat. 1986) (explaining, in part, that a U.S. practitioner who receives instructions from a trademark owner through a foreign agent does not change the fact that the client is still the trademark owner rather than the foreign or agent).

Joint Stipulated Facts

12. At all times relevant hereto, Respondent has been a registered patent attorney and

a U.S. attorney in good standing in the State of California.

13. Since 2016, Respondent has been the principal attorney at her law firm, the Law Offices of Elizabeth Yang ("the Yang Law Firm"), where she provides legal services.

14. In September of 2019, Respondent was contacted by individuals affiliated with a foreign company known as Shenzhen Qianhai Be-Victory Network Technology Co., Ltd. ("Sellergrowth"). Respondent and OED understand that Sellergrowth is a Chinese company that provides services to foreign companies serving Amazon, eBay, and other online platforms. Sellergrowth proposed that Respondent act as the attorney of record on trademark applications filed with the USPTO on behalf of Sellergrowth's clients. Respondent understood that Sellergrowth wished her to serve as the attorney of record on trademark applications filed with the USPTO on behalf of Sellergrowth's customers due to the U.S. Counsel Rule, but Respondent indicates that she was not familiar with the rule and that she believed that being listed as the attorney of record was a procedural requirement, akin to being an agent for service of process.

15. Respondent agreed to a business relationship that allowed Sellergrowth to use Respondent's name to file applications and receive trademark certificates from the USPTO as a domestic representative. In exchange, Sellergrowth agreed to pay Respondent $1,500 per month for one year (a total of $18,000).

16. Over the course of Respondent's business relationship with Sellergrowth:

a. Respondent was listed as the attorney of record in trademark applications filed by Sellergrowth with the USPTO.

b. Respondent did not advise or discuss with the applicants, directly or through Sellergrowth, important legal issues regarding the trademark applications, such as what constitutes a proper specimen and the difference between Section 1(a) and

Section 1(b) trademark applications. Nor did Respondent provide the applicants, directly or through Sellergrowth, with any other substantive legal advice about their trademark applications.

c. Respondent did not review the trademark applications prior to their filing by Sellergrowth with the USPTO.

d. Respondent's electronic signature was entered on trademark applications and attendant declarations filed by Sellergrowth with the USPTO.

e. Respondent did not regularly monitor the status of or review the trademark applications filed using her name through Sellergrowth.

17. Respondent represents to OED that she did not adequately understand the U.S. Counsel Rule during her business relationship with Sellergrowth. Respondent represents that she now fully understands the U.S. Counsel Rule and expresses contrition for her prior lack of understanding of the U.S. Counsel Rule and how her acts and omissions implicated several provisions of the USPTO Rules of Professional Conduct.

18. Respondent represents to OED that she did not adequately understand the USPTO trademark signature rules during her business relationship with Sellergrowth. Respondent represents that she now fully understands those rules and expresses contrition for her prior lack of understanding of those rules and how her acts and omissions implicated several provisions of the USPTO Rules of Professional Conduct.

19. Respondent acknowledges her responsibility to take corrective action for potential harm caused by her acts and omissions connected to her serving as U.S. Counsel for foreign-domiciled trademark applications filed on behalf of Sellergrowth's clients.

20. Respondent has taken corrective actions by (a) terminating her business

relationship with Sellergrowth and ending Sellergrowth's access to a joint email address Respondent had created to serve as the correspondence email address on applications filed on behalf of Sellergrowth clients for which she is the attorney of record; (b) directly contacting her clients on whose behalf she has been attorney of record at the USPTO to inform them about the unauthorized trademark filings and the impermissible signatures on their trademark applications and attendant declarations that do not comply with the USPTO trademark signature rules (c) contacting the USPTO regarding filings that were made in violation of the USPTO signature requirements; and (d) where applicable, contacting successor counsel for her Sellergrowth clients to inform them about the unauthorized trademark filings and impermissible signatures filed in the applications in which successor counsel replaced Respondent as the attorney of record. Respondent was candid with her clients regarding the impermissible signatures on their trademark applications and attendant declarations and took appropriate corrective action at no charge to the client when authorized.

Additional Considerations

21. Respondent has expressed contrition for her prior lack of understanding of the U.S. Counsel Rule and the USPTO trademark signature rules and how her acts and omissions implicated many provisions of the USPTO Rules of Professional Conduct.

22. Respondent is an active participant in her community, including being involved in multiple *pro bono* and volunteer activities related to the practice of law and improving the profession.

23. g. 37 C.F.R. § l l.804(d) (conduct prejudicial to the integrity of the U.S. trademark registration system) by (i) not complying with the U.S. Counsel Rule and (ii) not complying with the USPTO trademark signature rules by authorizing Sellergrowth to sign Respondent's name on trademark documents filed with the USPTO, including declarations, where Respondent was the named signatory on the document and the attorney of record for the trademark applicant, and (iii) assisting another (*i.e.*, Sellergrowth) to engage in the unauthorized practice before the USPTO in trademark matters.

j. The OED Director shall electronically publish this Final Order at the OED's electronic FOIA Reading Room, which is publicly accessible through the Office's website at: https://foiadocuments.uspto.gov/oed/;

k. The OED Director shall publish the following notice in the *Official Gazette*:

Notice of Suspension and Probation

This notice concerns Ms. Elizabeth Yang, a registered practitioner and an attorney licensed in the state of California, who resides in Monterey Park, California. Ms. Yang is hereby suspended from practice before the Office for a period of thirty (30) days and placed on probation for violating 37 C.F.R. §§ 11.101, 11.103, 11.104(a), 11.303, 11.503(b), 11.505, and 11.804(d). Ms. Yang also must complete a CLE requirement.

Ms. Yang is a registered patent attorney whose practice normally encompasses family law services. These violations are predicated on Ms. Yang's acts and omissions during the course of her business relationship with Shenzhen Qianhai Be-Victory Network Technology Co., Ltd. ("Sellergrowth") and its employees, none of whom were authorized to represent trademark applicants, registrants, or parties before the USPTO. As explained below, Ms. Yang agreed to allow Sellergrowth and its employees to use her name and bar credentials to file trademark application documents on behalf of foreign-domiciled applicants. Such acts and omissions allowed the entity to circumvent the purposes of the U.S. Counsel Rule, which sets forth a U.S.-licensed attorney requirement for foreign-domiciled trademark applicants and registrants. *See* Requirement of U.S. Licensed Attorney for Foreign Trademark Applicants and Registrants, 84 FR 31498 *et seq.* (July 2, 2019). Ms. Yang's conduct also violated the USPTO trademark signature rules.

In October of 2019, Ms. Yang signed a contract with Sellergrowth which, *inter alia*, provided for Ms. Yang to receive payment from Sellergrowth in exchange for being listed as the attorney of record on trademark applications filed with the USPTO on behalf of Sellergrowth clients. However, only Sellergrowth

employees – not Ms. Yang – interacted with the trademark applicant clients, advised them, and prepared the trademark application materials. Trademark applications filed on behalf of Sellergrowth clients with Ms. Yang as the attorney of record listed a correspondence email address which was set up by Ms. Yang but accessed only by Sellergrowth employees. Ms. Yang did not review documents prepared or filed by Sellergrowth on behalf of her clients, and she did not communicate with the clients directly or through Sellergrowth until after she was contacted by OED. Pursuant to the contract, Ms. Yang authorized Sellergrowth to insert her name electronically into the signature lines of the applications, including for declarations. Sellergrowth electronically entered the name of Ms. Yang in the signature blocks and filed the impermissibly signed trademark documents with the USPTO.

Ms. Yang represents that she did not understand adequately the U.S. Counsel Rule, the USPTO trademark signature rules, or the guidance set forth in TMEP § 611.0l(c) (concerning only the named signatory being the person who enters his or her electronic signature) until around December of 2020, and, thereafter, she changed her practice to ensure that she thereafter personally signed each prospective trademark document filed with the USPTO bearing her signature.

Ms. Yang recognizes her lapses, demonstrated genuine contrition, and accepted responsibility for her conduct. Acknowledging her duty to take remedial steps, Ms. Yang took corrective actions by (a) immediately terminating her agreement with Sellergrowth and restricting Sellergrowth's access to a shared correspondence email address; (b) directly contacting Sellergrowth clients on whose behalf she has been attorney of record at the USPTO to inform them about the unauthorized trademark filings and the impermissible signatures on their trademark applications and attendant declarations that do not comply with the USPTO trademark signature rules, and taking appropriate corrective action at no charge to the client when authorized; (c) contacting the USPTO regarding filings that were made in violation of the USPTO signature requirements; and (d) where applicable, contacting successor counsel for her Sellergrowth clients to inform them about the unauthorized trademark filings and impermissible signatures filed in the applications in which successor counsel replaced Ms. Yang as the attorney of record.

Trademark practitioners engaged in practice before the USPTO are to be reasonably well informed as to the USPTO trademark signature rules and U.S. Counsel Rule. The latter rule became effective on August 3, 2019, and requires applicants, registrants, or parties to a trademark proceeding whose domicile is not located within the U.S. or its territories to be represented by an attorney who is an active member in good standing of the bar of the highest court of a state in the U.S. *See* 84 FR 31498; 37 C.F.R. § 2.11(a).

In the few years preceding the U.S. Counsel Rule's effective date, the USPTO had seen many instances of unauthorized practice of law where foreign parties

who are not authorized to represent trademark applicants were improperly representing foreign applicants before the USPTO. As a result, increasing numbers of foreign applicants were likely receiving inaccurate or no information about the legal requirements for trademark registration in the U.S., such as the standards for use of a mark in commerce, who can properly aver to matters and sign for the mark owner, or even who the true owner of a mark is under U.S. law. This practice raised legitimate concerns that affected applications and any resulting registrations are potentially invalid, and thus negatively impacting the integrity of the trademark register. Hence, the USPTO implemented the requirement for representation by a qualified U.S. attorney in response to the increasing problem of foreign trademark applicants who purportedly are *pro se* (*i.e.*, one who does not retain a lawyer and appears for himself or herself) and who are filing inaccurate and possibly fraudulent submissions that violate the Trademark Act and/or the USPTO's rules. For example, such foreign applicants filed applications claiming use of a mark in commerce, but frequently support the use claim with mocked-up or digitally altered specimens that indicate the mark may not actually be in use. Many appear to be doing so on the advice, or with the assistance, of foreign individuals and entities who are not authorized to represent trademark applicants before the USPTO. This practice undermines the accuracy and integrity of the U.S. trademark register and its utility as a means for the public to reliably determine whether a chosen mark is available for use or registration, and places a significant burden on the trademark examining operation. *See* 84 FR at 31498-31499.

The U.S. Counsel Rule is intended to increase USPTO customer compliance with U.S. trademark law and USPTO regulations, improve the accuracy of trademark submissions to the USPTO, and safeguard the integrity of the U.S. trademark register. For example, practitioners who represent trademark applicants before the USPTO are expected to, among other things, undertake a bona fide review of specimens submitted to the USPTO in support of a trademark application. A practitioner's failure to comply with his or her ethical obligations under the U.S. Counsel rule potentially adversely affect the integrity of the USPTO trademark registration process.

A USPTO practitioner has an ethical obligation under the USPTO Rules of Professional Conduct to know who is the client. *See* 37 C.F.R. § 11.101 (concerning competency) and 11.804(i) (concerning other conduct that adversely reflects on a practitioner's fitness to practice before the Office). "The PTO expects practitioners to know the identities of their clients and to take reasonable steps to avoid foreseeable prejudice to the rights of their clients." *See Responsibilities of Practitioners Representing Clients in Proceedings Before The Patent and Trademark Office*, 1421 CNOG 2690 (December 29, 2015) (citing 50 Federal Register 5164 (Feb. 6, 1985) and 1086 Trademark Official Gazette 357 (Jan. 5, 1988)).

Where a trademark practitioner works with a foreign intermediary, the client is the trademark applicant. *See Responsibilities of Practitioners Representing Clients in Proceedings Before The Patent and Trademark Office*, 1091 OG 26 (May 25, 1988); *see also Strojirenstvi v. Toyoda*, 2 USPQ 2nd 1222 (Comm'r Pat. 1986) (explaining, in part, that a U.S. practitioner who receives instructions from a trademark owner through a foreign agent does not change the fact that the client is still the trademark owner rather than the foreign or agent).

Ms. Yang has been fully cooperative with OED's investigation, including providing candid responses to requests for information, taking corrective action, and engaging in an in-person interview with OED via video conference.

This action is the result of a settlement agreement between Ms. Yang and the OED Director pursuant to the provisions of 35 U.S.C. §§ 2(b)(2)(D) and 32 and 37 C.F.R. §§ 11.19, 11.20, and 11.26. Disciplinary decisions involving practitioners are posted for public reading at the Office of Enrollment and Discipline Reading Room accessible at: https://foiadocuments.uspto.gov/oed;

l. Nothing in this Final Order shall prevent the Office from considering the record of this disciplinary proceeding, including the Final Order: (1) when addressing any further complaint or evidence of the same or similar misconduct concerning Respondent brought to the attention of the Office; (2) in any future disciplinary proceeding against Respondent (i) as an aggravating factor to be taken into consideration in determining any discipline to be imposed, and/or (ii) to rebut any statement or representation by or on Respondent's behalf;

Respondent's Duties and Responsibilities Under 37 C.F.R. § 11.58

m. Respondent shall have the following duties and responsibilities as a consequence of being suspended:

(1) Respondent shall provide notice of her suspension to all State and Federal jurisdictions and administrative agencies to which the practitioner is admitted to practice as set forth in 37 C.F.R. § 11.58(c)(2);

(2) Respondent shall provide notice of her suspension to all clients the practitioner represents having immediate or prospective business before the Office, and shall specify any urgent dates for the client's matters, and advise the client to act promptly to seek legal advice elsewhere if the client is not already represented by another practitioner, as set forth in 37 C.F.R. § 11.58(c)(3);

(3) Respondent shall provide notice of her suspension to the practitioners for all opposing parties (or, to the parties in the absence of a practitioner representing the parties) in matters pending before the Office as set forth

in 37 C.F.R. § 11.58(c)(4);

(4) Respondent shall not hold herself out as authorized to practice law before the Office as set forth in 37 C.F.R. § 11.58(b)(2) until she is reinstated to practice before the Office; and

(5) Respondent shall not render legal advice or services to any person having immediate or prospective business before the Office as set forth in 37 C.F.R. § 11.58(b)(5) until she is reinstated to practice before the Office;

Duties and Responsibilities Respondent Does Not Have Unless a Petition for Reinstatement of Respondent is Not Granted Within 90 Days of the Final Order

n. Respondent shall not have the following duties and responsibilities as a consequence of being suspended, unless a petition for reinstatement of Respondent is not granted within 90 days of the Final Order:

(1) Respondent does not have to file a notice of withdrawal in each pending application as set forth in 37 C.F.R. § 11.58(c)(1);

(2) Respondent does not have to deliver to all clients documents as set forth in 37 C.F.R. § 11.58(c)(3)(ii);

(3) Respondent does not have to relinquish to the client, or other practitioner designated by the client, all funds for practice before the Office, including any legal fees paid in advance that have not been earned and any advanced costs not expended as set forth in 37 C.F.R. § 11.58(c)(3)(iii); and

(4) Respondent does not have to remove any advertisement or representation that would reasonably suggest that the practitioner is authorized to practice before the Office as set forth in 37 C.F.R. § 11.58(b)(3);

Affidavit of Compliance Under 37 C.F.R. § 11.58

o. Respondent shall provide an affidavit of compliance in accordance with 37 C.F.R. §11.58(d), certifying that she has complied with the provisions of this Agreement. Appended to the affidavit shall be:

(1) a copy of each form of notice, the names and addresses of the clients, practitioners, courts, and agencies to which notices were sent, and all return receipts or returned mail received up to the date of the affidavit

as set forth in 37 C.F.R. § 11.58(d)(1); and

(2) a list of all other State, Federal, and administrative jurisdictions to which the practitioner is admitted to practice as set forth in 37 C.F.R. § 11.58(d)(4);

p. Respondent's affidavit **need not** append the following:

(1) a schedule showing the location, title and account number of every bank account designated as a client or trust account, deposit account in the Office, or other fiduciary account, and of every account in which Respondent holds or held as of the entry date of the order any client, trust, or fiduciary funds for practice before the Office as set forth in 37 C.F.R. § 11.58(d)(2);

(2) a schedule describing Respondent's disposition of all client and fiduciary funds for practice before the Office in Respondent's possession, custody or control as of the date of the order or thereafter as set forth in 37 C.F.R. § 11.58(d)(3);

(3) an affidavit describing the steps taken to remove any advertisements or other representations which would reasonably suggest that the practitioner is authorized to practice patent, trademark, or other non-patent law before the Office as set forth in 37 C.F.R. § 11.58(d)(5);

No Limited Recognition

q. Because Respondent's suspension shall commence fourteen (14) days after the date that the Final Order is signed, Respondent shall not be granted limited recognition under 37 C.F.R. § 11.58(f);

Petition For Reinstatement Under 37 C.F.R. § 11.60

r. Respondent shall not resume practice of patent, trademark, or other non-patent law before the Office until reinstated by order of the OED Director or the USPTO Director as set forth in 37 C.F.R. § 11.60(a);

s. After the term of Respondent's suspension and compliance with the applicable provisions of 37 C.F.R. § 11.58 as set forth in this Agreement, Respondent may file a petition for reinstatement as set forth in 37 C.F.R. § 11.60(b);

t. Any petition for reinstatement shall be filed with the OED Director and shall be accompanied by the required fee as set forth in 37 C.F.R. § 11.60(c);

u. Upon filing of a petition for reinstatement by Respondent, such petition shall comply with the applicable provisions of 37 C.F.R. §§ 11.60(c)(1)-(3), and shall attest to her compliance with the applicable provisions of 37 C.F.R. § 11.58 set forth in this Agreement, including a sworn declaration that she has complied with 37 C.F.R. § 11.58(a) affirming that she has not engaged in the practice of patent, trademark law or other non-patent matters before the Office during her suspension;

v. The OED Director does not have to publish a notice of Respondent's petition for reinstatement as set forth in 37 C.F.R. § 11.60(h)(1);

w. Respondent waives all rights to seek reconsideration of the Final Order under 37 C.F.R. § 11.56, waives the right to have the Final Order reviewed under 37 C.F.R. § 11.57, and waives the right otherwise to appeal or challenge the Final Order in any manner; and

x. The parties shall bear their own costs incurred to date and in carrying out the terms of this Agreement and any Final Order.

FINAL ORDER

The Director of the Office of Enrollment and Discipline ("OED Director") for the United States Patent and Trademark Office ("USPTO" or "Office") and Di Li ("Respondent") have submitted a Proposed Settlement Agreement ("Agreement") to the Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office ("USPTO Director") for approval.

The Agreement, which resolves all disciplinary action by the USPTO arising from the stipulated facts set forth below, is hereby approved. This Final Order sets forth the parties' stipulated facts, legal conclusion, and sanctions.

Jurisdiction

1. At all times relevant hereto, Respondent of City of Industry, California, is an attorney in good standing in the State of California. Respondent has engaged in practice before the Office in trademark matters. Respondent is or was authorized to practice before the USPTO in trademark matters. *See* 37 C.F.R. § 11.14(a). Respondent is subject to the USPTO Rules of Professional Conduct, which are set forth at 37 C.F.R. § 11.101 *et seq.*

2. The USPTO Director has jurisdiction over this matter pursuant to 35 U.S.C. §§ 2(b)(2)(D) and 32 and 37 C.F.R. §§ 11.19, 11.20, and 11.26.

Legal Background

3. The USPTO published a final rule ("U.S. Counsel Rule") requiring applicants, registrants, or parties to a trademark proceeding whose domicile is not located within the U.S. or its territories to be represented by an attorney who is an active member in good standing of the bar of the highest court of a state in the U.S. *See Requirement of U.S. Licensed Attorney for Foreign Trademark Applicants and Registrants*, 84 FR 31498 (July 2, 2019).

4. The U.S. Counsel Rule became effective on August 3, 2019. *See* 84 FR 31498; 37 C.F.R. § 2.11(a).

5. In the few years preceding the U.S. Counsel Rule's effective date, the USPTO had seen many instances of unauthorized practice of law ("UPL") where foreign parties who are not authorized to represent trademark applicants were improperly representing foreign applicants before the USPTO. As a result, increasing numbers of foreign applicants were likely receiving inaccurate or no information about the legal requirements for trademark registration in the U.S., such as the standards for use of a mark in commerce, who can properly aver to matters and sign for the mark owner, or even who the true owner of a mark is under U.S. law. This practice raised legitimate concerns that affected applications and any resulting registrations are potentially invalid, and thus negatively impacting the integrity of the trademark register.

6. Hence, the USPTO implemented the requirement for representation by a qualified U.S. attorney in response to the increasing problem of foreign trademark applicants who purportedly are *pro se* (*i.e.*, one who does not retain a lawyer and appears for himself or herself) and who are filing inaccurate and possibly fraudulent submissions that violate the Trademark Act and/or the USPTO's rules. For example, such foreign applicants filed applications claiming use of a mark in commerce, but frequently support the use claim with mocked-up or digitally altered specimens

that indicate the mark may not actually be in use. Many appear to be doing so on the advice, or with the assistance, of foreign individuals and entities who are not authorized to represent trademark applicants before the USPTO. This practice undermines the accuracy and integrity of the U.S. trademark register and its utility as a means for the public to reliably determine whether a chosen mark is available for use or registration, and places a significant burden on the trademark examining operation. *See* 84 FR at 31498-31499.

7. Qualified U.S. attorneys are required to provide their bar information when representing applicants and registrants, whether domiciled inside or outside the U.S. *See* 37 C.F.R. §§ 2.17(b)(3), 2.32(a)(4).

8. The USPTO trademark signature rules require that all signatures be personally entered by the named signatory and that a person electronically signing a document must personally enter any combination of letters, numbers, spaces, and/or punctuation marks that he or she has adopted as a signature, placed between two forward slash ("/") symbols in the signature block on the electronic submission. *See* 37 C.F.R. § 2.193(a) and (c) and 37 C.F.R. § 11.18(a).

9. At all relevant times, the following unequivocal published guidance from the USPTO identified the proscription against any person other than the named signatory signing electronically trademark documents filed with the USPTO:

> All documents must be personally signed. 37 C.F.R. §§ 2.193(a)(1), (c)(1), 11.18(a). The person(s) identified as the signatory must manually enter the elements of the electronic signature. Another person (*e.g.*, paralegal, legal assistant, or secretary) may not sign the name of a qualified practitioner or other authorized signatory. *See In re Dermahose Inc.*, 82 USPQ2d 1793 (TTAB 2007); *In re Cowan*, 18 USPQ2d 1407 (Comm'r Pats. 1990). Just as signing the name of another person on paper does not serve as the signature of the person whose name is written, typing the electronic signature of another person is not a valid signature by that person.

Trademark Manual of Examining Procedure § 611.01(c).

10. Trademark applications contain declarations that are signed under penalty of perjury, with false statements being subject to punishment under 18 U.S.C. § 1001. Signatories to declarations in trademark applications make specific representations regarding applicants' use of the mark in commerce and/or their intent to use the mark in commerce. The USPTO relies on such declarations signed under penalty of perjury in trademark applications in the course of examining trademark applications and issuing registrations.

Joint Stipulated Facts

11. At all times relevant hereto, Respondent has been a U.S. attorney in good standing in the State of California.

12. Since at least 2019, Respondent has been providing trademark legal services to clients. She is the principal founder of the Di Li Law, P.C. law firm, which employs an associate attorney, several non-attorney assistants, and two attorneys who are provisionally licensed by the State of California to practice law. In addition to trademarks, the law firm practice areas also include immigration, business, and real estate law.

13. In July of 2019, Respondent agreed to collaborate with an entity known as Seller Growth ("Shenzhen Qianhai Bishengdao Network Technology Co., Ltd."). Seller Growth is a company that serves as a full service agency that provides various kinds of translation and consulting services for online retailers (generally referred to as "sellers" by Sellers Growth) who desire to sell their products in foreign channels of commerce, including e-commerce. Seller Growth is headquartered in Shenzhen in the People's Republic of China ("PRC"), but it also has offices throughout the PRC.

14. Respondent described going through three "stages" in her firm's relationship with Seller Growth.

15. The first stage started in August and ended in September of 2019, when Respondent became aware of suspicious specimen filings in trademark applications submitted by Seller Growth in applications where she was the attorney of record for the foreign domiciled trademark applicants. Once she became aware of the filing of digitally altered specimens, she directed her law firm to take corrective action, including informing the USPTO and her clients. She also endeavored to inform the public via her blog. About 700 to 900 trademark applications were implicated during the first stage.

16. The second stage started in October of 2019 and ended in November of 2020. The second stage began with a cessation period (for new trademark applications filed for the months of October and November in 2019) where Respondent implemented some specimen pre-review/approval protocols and believed Seller Growth would comply with the protocols and also fix issues with suspicious specimens going forward from December of 2019.

17. During this second stage, Respondent's agreement with Seller Growth indicated that, beginning on December 2, 2019, she would receive $1,000-$3,000 per month going forward for reviewing between 100-300 application filings per month, along with providing 1-20 "free Responses to Office Actions."

18. Respondent indicated to OED that Seller Growth filed a lot more applications than her agreements contemplated during the latter part of this second stage, which resulted in a high level of poorer quality specimens being filed with the USPTO, especially in the month of September 2020. About 1,086 trademark applications were implicated with improperly entered signatures during the second stage.

19. The second stage ended when Respondent received OED's initial Request for Information letter on November 16, 2020, which triggered another cessation period.

20. The third stage started in November of 2020 and ended in February of 2021. Respondent represents that the third stage of her relationship with Seller Growth began with the cessation period transitioning from a wind-down period in December 2020 through to an official termination of the relationship on February 15, 2021. About 20 trademark applications were implicated, where Seller Growth either filed or continued to file cases during the month of December (purportedly for approved applications in the 'pipeline').

21. Respondent represents that she personally entered about 6,348 proper signatures in her other applications between August 1, 2019 to January 31, 2021 – which represents almost 80% of the over 8,000 matters where she became counsel of record in the same approximate time period.

22. Respondent represents that, over all three stages in her relationship with Seller Growth as described above, her name and improper signature appeared on over 1,100 suspect trademark applications associated with Seller Growth and its customers. Respondent acknowledges that she agreed to allow Seller Growth to impermissibly enter her name on the documents filed with the USPTO.

23. Respondent represents that she was unfamiliar with the USPTO signature requirements for direct or emailed key stroke entry into TEAS forms, specifically, the requirement that a signature must be personally entered. Only after receiving the initial letter from OED did Respondent research and gain additional understanding of the signature requirements.

24. Respondent represents that she had taken corrective action with regards to specimen review and the U.S. Counsel rule before being informed of OED's investigation of her conduct.

25. During OED's investigation, Respondent continued to take corrective actions to further improve specimen review as well as entering into full compliance with USPTO signature

requirements (*e.g.*, moving from about 80% compliance when associated with Seller Growth to endeavoring for complete compliance by terminating her relationship with Seller Growth).

Additional Considerations

26. Respondent has expressed contrition for her prior lack of understanding of the ethics and trademark rules and how her acts and omissions implicated multiple provisions of the USPTO Rules of Professional Conduct.

27. Respondent has expressed her understanding of the seriousness of the violations of the USPTO Rules of Professional Conduct stipulated to herein, and she acknowledges how her acts and omissions had potential adverse impact to (a) her clients' intellectual property rights due to trademark filings not complying with the USPTO's trademark rules and regulations and (b) the integrity of the federal trademark registration process

28. Respondent represents that she has never been the subject of professional discipline by the USPTO, any court, or any state bar.

29. Respondent has been fully cooperative with OED's investigation, including providing candid responses to requests for information, offering *sua sponte* supplemental responses to her original responses to requests for information, and engaging in multiple interviews with OED.

Legal Conclusions

30. Respondent acknowledges that, based on the information contained in the joint stipulated facts, above, that Respondent's acts and omissions violated the following provisions of the USPTO Rules of Professional Conduct:

a. 37 C.F.R § 11.101 (practitioner shall provide competent representation) by failing to familiarize herself with the U.S. Counsel Rule and USPTO

trademark rules and regulations, which resulted in violations of those rules in the course of representing trademark clients;

b. 37 C.F.R. § 11.103 (practitioner shall act with reasonable diligence and promptness in representing a client) by failing to take reasonable steps to ensure that her clients' trademark filings were filed in accordance with the U.S. Counsel Rule and USPTO trademark rules and regulations;

c. 37 C.F.R. § 11.104(a) and (b) (communications with client) by not informing some of her clients as to the actual or potential adverse consequences of her failure to comply with the U.S. Counsel Rule and USPTO trademark rules and regulations, so that those clients could make informed decisions about their trademark applications and/or issued registrations;

d. 37 C.F.R. § 11.804(d) (conduct prejudicial to the integrity of the U.S. trademark registration system) by failing to take reasonable steps to ensure that trademark documents, including declarations, filed with the USPTO were signed by the named signatory (*i.e.*, documents impliedly falsely representing that the named signatory was the person who actually signed the document) and were adequately reviewed prior to signing as required by the U.S. Counsel Rule; and

e. 37 C.F.R. § 11.804(i) (practitioner shall not engage in other conduct adversely reflecting on fitness to practice before the Office) by, prior to entering into the business relationship with a third party, where Respondent would serve as U.S. Counsel for foreign-domiciled trademark applicants, not making an inquiry reasonable under the circumstances whether and how the

third party would (i) communicate directly with the applicants and (ii) sign and file trademark applications where the acts and omissions of the third party actually or potentially adversely affected the integrity of the federal trademark registration process.

Agreed Sanction

31. Respondent agrees and it is hereby ORDERED that:

a. Respondent be publicly reprimanded;

b. Respondent be placed on probation for twelve (12) months beginning on the date of the Final Order;

c. Before the conclusion of the probationary period, Respondent shall provide to the OED Director a sworn affidavit or verified declaration attesting, and evidence demonstrating, that Respondent has successfully completed six (6) hours of continuing legal education: two (hours) on ethics/professional responsibility and four (hours) on trademark law;

d. Before the conclusion of the probationary period, Respondent shall provide to the OED Director a sworn affidavit or verified declaration attesting that Respondent has reviewed thoroughly (1) all provisions of the Trademark Manual of Examining Procedure (TMEP), including, but not limited to, the provisions regarding the USPTO's signature requirements, (2) 37 C.F.R. § 2.11, and (3) the commentary on the *Requirement of U.S. Licensed Attorney for Foreign Trademark Applicants and Registrants,* found at 84 FR 31498, 31503-31506 (July 2, 2019);

e. On at least a weekly basis throughout the term of the 12-month probationary period, Respondent shall (i) search the USPTO Trademark Electronic Search System ("TESS") for applications identifying her as the attorney of record and (ii) promptly inform the appropriate persons at the USPTO of any filings identifying her as the attorney of record that were not made by her or with her knowledge and consent;

f. On a quarterly basis throughout the term of the 12-month probationary period, Respondent shall submit a written report to the OED Director stating that she has completed the searches of the USPTO TESS database required by section e., above, and, if applicable, stating that she identified no applications in which she was named as the attorney of record that were not made by her or without her knowledge and consent;

g. (1) if the OED Director is of the good faith opinion that Respondent, during Respondent's probationary period, failed to comply with any provision of the Agreement, this Final Order, or any provision of the USPTO Rules of Professional Conduct, the OED Director shall:

(A) issue to Respondent an Order to Show Cause why the USPTO Director should not enter an order immediately suspending the Respondent for up to nine (9) months for the violations set forth in the Legal Conclusions, above;

(B) send the Order to Show Cause to Respondent at the last address of record Respondent furnished to the OED Director;

(C) grant Respondent fifteen (15) days to respond to the Order to Show Cause; and

(2) in the event that after the 15-day period for response and consideration of the response, if any, received from Respondent, the OED Director continues to be of the opinion that Respondent, during Respondent's probationary period, failed to comply with the USPTO Rules of Professional Conduct, the OED Director shall:

(A) deliver to the USPTO Director: (i) the Order to Show Cause;

(ii) Respondent's response to the Order to Show Cause, if any; and

(iii) argument and evidence supporting the OED Director's position; and

(B) request that the USPTO Director enter an order immediately suspending Respondent for up to nine (9) months for the violations set forth in the Legal Conclusions above;

h. Nothing herein shall prevent the OED Director from seeking discrete discipline for any misconduct that formed the basis for an Order to Show Cause issued pursuant to the preceding subparagraph;

i. In the event the Respondent seeks a review of any action taken pursuant to subparagraph g., above, such review shall not operate to postpone or otherwise hold in abeyance the suspension;

j. The OED Director shall electronically publish the Final Order at the OED's electronic FOIA Reading Room, which is publicly accessible through the Office's website at: https://foiadocuments.uspto.gov/oed/;

k. The OED Director shall publish a notice in the *Official Gazette* that is materially consistent with the following:

Notice of Public Reprimand and Probation

This notice concerns Ms. Di Li of City of Industry, California, who is authorized to practice before the United States Patent and Trademark Office ("USPTO") in

trademark and other non-patent matters. Ms. Li is hereby reprimanded and placed on probation for twelve (12) months for violating 37 C.F.R. §§ 11.101, 11.103, 11.104(a) and (b), and 11.804(d) and (i). Ms. Li is permitted to practice before the Office in trademark and other non-patent matters during her probationary period unless she is subsequently suspended by order of the USPTO Director.

These violations are predicated on Ms. Li's acts and omissions during the course of her business relationship with Shenzhen Qianhai Bishengdao Network Technology Co., Ltd. ("Seller Growth"). As explained below, Ms. Li agreed to act as the attorney of record on trademark applications filed with the USPTO on behalf of clients – foreign domiciled trademark applicants – obtained via her association with Seller Growth.

In July and December of 2019, Ms. Li entered into agreements with Seller Growth which, *inter alia*, provided for Ms. Li to receive payment from Seller Growth in exchange for being listed as the attorney of record on trademark applications and allowing Seller Growth to enter her signature on documents filed with the USPTO on behalf of clients obtained via her association with Seller Growth. Accordingly, Ms. Li did not adequately ensure that her signature was properly entered on many of the applications associated with Seller Growth prior to their submission to the USPTO; nor did she comply with her ethical obligations to clients and the USPTO under the U.S. Counsel Rule (discussed below).

Ms. Li recognized her ethical lapses, demonstrated genuine contrition, and accepted responsibility for her conduct. Acknowledging that she personally has a duty to take remedial steps, Ms. Li represents that she has taken corrective actions by, *inter alia*, (a) terminating her business relationship with Seller Growth; (b) improving specimen and use review protocols; and (c) ensuring that her firm and its foreign associates comply with trademark signature entry requirements.

Practitioners who represent trademark applicants before the USPTO have an ethical obligation to the USPTO not to engage in conduct prejudicial to the administration of justice. *See* 37 C.F.R. § 11.804(d). Accordingly, practitioners who represent trademark applicants before the USPTO are reasonably expected not to file, or allow to be filed, declarations that are not signed by the named signatory. Trademark filings bearing declarations – such as a TEAS Plus Application, a Trademark/Service Mark Statement of Use pursuant to 15 U.S.C. § 1051(d) or a Combined Declaration of Use and Incontestability Under Sections 8 and 15 – are relied upon by the USPTO when examining trademark applications, registering marks, and renewing registrations. When such filings are impermissibly signed and filed with the USPTO, the integrity of the federal trademark registration process is adversely affected. If signed by a person

determined to be an unauthorized signatory, a resulting registration may be invalid.

Trademark practitioners engaged in practice before the USPTO on behalf of foreign domiciled applicants are also to be reasonably well informed as to the U.S. Counsel Rule. The rule became effective on August 3, 2019, and requires applicants, registrants, or parties to a trademark proceeding whose domicile is not located within the U.S. or its territories to be represented by an attorney who is an active member in good standing of the bar of the highest court of a state in the U.S. *See* 84 FR 31498; 37 C.F.R. § 2.11(a).

In the few years preceding the U.S. Counsel Rule's effective date, the USPTO had seen many instances of unauthorized practice of law where foreign parties who are not authorized to represent trademark applicants were improperly representing foreign applicants before the USPTO. As a result, increasing numbers of foreign applicants were likely receiving inaccurate or no information about the legal requirements for trademark registration in the U.S., such as the standards for use of a mark in commerce, who can properly aver to matters and sign for the mark owner, or even who the true owner of a mark is under U.S. law. This practice raised legitimate concerns that affected applications and any resulting registrations are potentially invalid, and thus negatively impacting the integrity of the trademark register. Hence, the USPTO implemented the requirement for representation by a qualified U.S. attorney in response to the increasing problem of foreign trademark applicants who purportedly are *pro se* (*i.e.*, one who does not retain a lawyer and appears for himself or herself) and who are filing inaccurate and possibly fraudulent submissions that violate the Trademark Act and/or the USPTO's rules. For example, such foreign applicants filed applications claiming use of a mark in commerce, but frequently support the use claim with mocked-up or digitally altered specimens that indicate the mark may not actually be in use. Many appear to be doing so on the advice, or with the assistance, of foreign individuals and entities who are not authorized to represent trademark applicants before the USPTO. This practice undermines the accuracy and integrity of the U.S. trademark register and its utility as a means for the public to reliably determine whether a chosen mark is available for use or registration, and places a significant burden on the trademark examining operation. *See* 84 FR at 31498-31499.

The U.S. Counsel Rule is intended to increase USPTO customer compliance with U.S. trademark law and USPTO regulations, improve the accuracy of trademark submissions to the USPTO, and safeguard the integrity of the U.S. trademark register. For example, practitioners who represent trademark applicants before the USPTO are expected to, among other things, undertake a bona fide review of specimens submitted to the USPTO in support of a trademark application. A practitioner's failure to comply with his or her ethical obligations under the U.S.

Counsel rule potentially adversely affects the integrity of the USPTO trademark registration process.

A USPTO practitioner has an ethical obligation under the USPTO Rules of Professional Conduct to know the identity of the client and how signatures may be entered when filing documents before the Office. *See* 37 C.F.R. §§ 11.101 (concerning competency), 11.103 (diligence) and 11.804(i) (concerning other conduct that adversely reflects on a practitioner's fitness to practice before the Office). "The PTO expects practitioners to know the identities of their clients and to take reasonable steps to avoid foreseeable prejudice to the rights of their clients." *See Responsibilities of Practitioners Representing Clients in Proceedings Before The Patent and Trademark Office*, 1421 CNOG 2690 (December 29, 2015) (*citing* 50 FR 5164 (Feb. 6, 1985) and 1086 Trademark Official Gazette 357 (Jan. 5, 1988)).

Where a trademark practitioner works with a foreign intermediary, the client is the trademark applicant. *See Responsibilities of Practitioners Representing Clients in Proceedings Before The Patent and Trademark Office*, 1091 OG 26 (May 25, 1988); *Strojirenstvi v. Toyoda*, 2 USPQ 2nd 1222 (Comm'r Pat. 1986) (explaining, in part, that a U.S. practitioner who receives instructions from a trademark owner through a foreign agent does not change the fact that the client is still the trademark owner rather than the foreign or agent).

Ms. Li has been fully cooperative with OED's investigation, including providing candid responses to requests for information and engaging in two interviews with OED.

This action is the result of a settlement agreement between Ms. Li and the OED Director pursuant to the provisions of 35 U.S.C. §§ 2(b)(2)(D) and 32 and 37 C.F.R. §§ 11.19, 11.20, and 11.26. Disciplinary decisions involving practitioners are posted for public reading at the Office of Enrollment and Discipline Reading Room accessible at: https://foiadocuments.uspto.gov/oed/.;

1. Nothing in the Agreement or the Final Order shall prevent the Office from considering the record of this disciplinary proceeding, including the Final Order: (1) when addressing any further complaint or evidence of the same or similar misconduct concerning Respondent brought to the attention of the Office and (2) in any future disciplinary proceeding against Respondent (i) as an aggravating factor to be taken into consideration in determining any discipline to be imposed, and/or (ii) to rebut any statement or representation by or on Respondent's behalf;

m. The Respondent waives all rights to seek reconsideration of the Final Order under 37 C.F.R. § 11.56, waives the right to have the Final Order reviewed under 37 C.F.R. § 11.57, and waives the right otherwise to appeal or challenge the Final Order in any manner; and

n. The OED Director and Respondent shall each bear their own costs incurred to date and in carrying out the terms of this Agreement and any Final Order.

Dear Ms. Yang,

I am writing regarding the trademark application for "MooMoo Baby" (Serial No. 88936860). The term “Baby” in the mark is descriptive of the goods listed in the application being for babies. Therefore, the term needs to be disclaimed. May I enter the disclaimer for you with an Examiner’s Amendment? If you have any questions, please let me know. Thank you for your cooperation.

Good morning Ms. Yang,

I am reviewing the above-referenced application for your client, Shenzhen Yizhihuan Electronic Commerce Co., LTD. In review of this application, there is just one issue that can be corrected without the need for an Office Action.

We require an amended description of the mark for completion and clarity. The description of the mark must be amended to describe all significant aspects of the mark. Specifically, the suggested amendment would read:

Description of the Mark

Direct questions about navigating USPTO electronic forms, the USPTO website, the application process, the status of your application, and/or whether there are outstanding deadlines or documents related to your file to the Trademark Assistance Center (TAC).

GENERAL GUIDANCE

- **Check the status of your application periodically** in the Trademark Status & Document Retrieval (TSDR) database to avoid missing critical deadlines.

I am the Trademark Examining Attorney handling the above referenced case(s). I have reviewed your application/response and the mark description must be corrected because there must be a space between ASMILE and INDEEP since these words are on two different lines. The following is suggested:

The mark consists of the stylized wording ASMILE INDEEP in which “MILE” is directly above “INDE”. The letter “E” in ASMILE is in stylized cursive.

Good evening,

I'm reviewing the application for BORUTTI and there is an issue with the identification. Specifically, it appears some of the fill-in-the-blank manual language was carried over into the application. The following amendment is suggested if accurate:

Class 28

Cat toys; Dog toys; Electric action toys; Hamster exercise balls; Pet toys; Pet toys containing catnip; Pet toys made of rope; Toy for pets; Toys for domestic pets; Yoga blankets; Yoga blocks; Yoga blocks made of ~~**specify material, e.g.,**~~ foam for use in ~~**specify use, e.g.,**~~ yoga practice; Yoga boards; Yoga bolsters; Yoga cushions; Yoga gloves; Yoga straps; Yoga straps for use in ~~**specify use, e.g.,**~~ yoga practice

I can amend the application by Examiner's amendment if you'd like. Please respond no later than COB 9/29 if you are interested in my amending the application. I look forward to hearing from you.

OFFICIAL USPTO EMAIL - Trademark Application Serial No. 90034291 N NEWPUDA - Response Required

Dear Ms. Yang,

I am the assigned examining attorney for the above-referenced application. The sole issue to be resolved is the amendment to the description of the mark.

Please let me know by email or phone, if you agree that the changes below are acceptable and I will issue an Examiner's Amendment stating:

AMENDED DESCRIPTION OF THE MARK

The following description of the mark replaces the current description of record:

> **The mark consists of the stylized letter "N" contained within a speech bubble immediately followed by the stylized wording "NEWPUDA".**

See 37 C.F.R. §§2.37, 2.72; TMEP §§808 *et seq.*

Please let me know by email or phone by 3 PM ET on Tuesday, October 13, 2020, if you agree to allow me to enter it by Examiner's Amendment.

Please do not hesitate to contact me should you have any questions. If I do not hear from you by that time, I will have to issue an Office action.

Best regards,

Trademark Application No. 88606618 ZTOONE

Dear Mr. Li,

I am the trademark examiner assigned to this application. I have reviewed the application and have identified an issue that can be resolved by Examiner's Amendment.

Specifically, the Mark Description does not include the colors of the lettering, which is required for a mark claiming color. The following Mark Description is suggested, if accurate:

The mark consists of the wording "ZTOONE" and a design. The letter "Z" appears in white inside a red square. The letters "TOONE" appear in a black font. The first "O" is divided horizontally along the middle and the letter "N" is partially formed by a red triangle in the upper-right.

As an advisory, please note that, because the Identification includes a variety of disparate goods in Class 3, upon submission of an Allegation of Use, multiple Specimens may be required to show that the mark is in used for both the cosmetic type goods, as well as the abrasive paper and dish detergents.

Please let me know by phone or email if this is acceptable or if you have any questions.

Thank you,
Alison Keeley
